# Tigers Take Lead in Series

Triumphantly, the USS Indiana Comes Home

With sailors lining her deck, the USS Indiana passes under the Golden Gate Bridge as she enters San Francisco Bay with 879 Navy and Marine veterans as passengers. The battleship headed a parade of U.S. warships arriving on the West Coast over the weekend of Sept. 29.

## Newhouser Halts Cubs For 8-4 Win

By Pete Lisagor

Stars and Stripes Staff Writer

CHICAGO, Oct. 7.—The big bats of the Detroit Tigers blasted five Chicago Cub pitchers—including opening-game winner Hank Borowy—from the mound with an 11-hit assault at Wrigley Field this afternoon as Hal Newhouser gained sweet revenge with a seven-hit performance to beat the Bruins, 8-4, and put the Tigers one game ahead of the Cubs and one game away from the World Series championship.

The Bengals opened the scoring in the third inning when Skeeter Webb walked and went to third when Eddie Mayo slapped a single to right field. Webb scored when Doc Cramer flied deep to Eddie Pafko. The Cubs knotted the count in the same frame when Borowy doubled to left with two away and Stan Hack singled down the middle to score him.

Then, in the sixth stanza, the Tigers really exploded, with Cramer opening with a single to center and racing to second when Pafko bobbled the ball. Hank Greenberg slammed out a double, his first of three for the afternoon, and Doc scampered home. Roy Cullenbine stepped along to beat out an infield hit and Greenberg advanced to third. Rudy York followed through with a safety and Hank scored, with Cullenbine holding up at second. At this point, Hy Vandenberg stepped in to relieve Borowy.

The Bengal run-scoring continued when, after Jimmy Outlaw sacrificed Vandenberg intentionally passed Paul Richards to get at Newhouser, loading the bases. He lost control, though, and walked Hal forcing Cullenbine home. Webb forced Newhouser at second, but York scored and that was all for Vandenberg. Bob Chipman stepping in to retire the side.

The Tigers added another tally (Continued on Page 8 Col. 2)

## Torso Murder Is Confessed

NEW YORK, Oct. 7 (ANS).—A furious fight with a hammer and an ice pick was disclosed yesterday to have resulted in the torso murder of Solon Burt Harger, 38, a dancer.

Walter Dahl, 30 Philadelphia, taken into custody by police, was declared to have confessed killing Harger last Aug. 20. Dismembered portions of the body were found in New York Harbor.

Dahl, according to the police, said the murder occurred in his Times Square apartment. The dancer made "improper advances" and was rejected, Dahl claimed. Harger thereupon attacked him with an ice pick and Dahl grabbed a hammer out of a desk drawer and beat the dancer until he was dead. Then he dismembered the body and dumped the segments overboard from a New Jersey ferry boat. Police said their suspicions were aroused when Dahl told them Harger was alive and on his way to see a brother in California.

## Hong-Kong Rides Again

HONG-KONG, Oct. 7 (AP).—Rickshaws were operating again in Hong-Kong today after a two-day strike. Coolies reached a compromise with owners of the vehicles on rental fees.

## One Way to Get Tired

EUGENE, Ore., Oct. 7 (ANS).—The OPA received an application today for new tires from a desperate motorist. The message was signed: "Waiting by the roadside."

## Border Clash In Palestine; Strike Today

JERUSALEM, Oct. 7 (UP).—A general strike of Jews in Palestine scheduled for tomorrow was expected to protest the wounding of seven Jews by a Transjordan Frontier Force patrol.

The strike had been called prior to yesterday's incident in which the Jews were wounded after they attacked guards placed in a protective cordon around a party of Jewish immigrants.

It was the first officially acknowledged outbreak of violence since President Truman's request that Palestine be opened to immigration of 100,000 Jews.

(Shortly after the incident, according to Associated Press, the Palestine Arab party sent a memorandum to the Palestine government demanding that Jewish settlements be searched for arms and urging that Jewish military organizations be disbanded.)

According to an official British (Continued on Page 8, Col. 1)

## Would Probe Orientation

WASHINGTON, Oct. 7 (ANS).—Rep. Thomas D'Alessandro (D-Md.) today demanded a Congressional investigation to determine whether the Army's orientation courses have been used "as a Red transmission belt."

## Lewis Rejects Operator Plan To End Strike

WASHINGTON, Oct. 7 (ANS).—John L. Lewis yesterday turned down a request of bituminous coal operators to end the soft-coal strikes.

The operators made their plea at a conference with Secretary of Labor Lewis B. Schwellenbach, who told reporters he did not himself ask the United Mine Workers' president to end the strikes.

About 159,000 miners are idle in more than 600 mines in a controversy which sprang up over recognition of Lewis' supervisory union. The operators insisted they would remain "adamant" against permitting their supervisory employees to be UMW members.

## Schwellenbach Withholds Plea

Schwellenbach indicated that he was withholding temporarily his own plea to end the strikes, in case the conferences which he called with the operators and miners failed to produce a solution.

Lewis disclaimed responsibility for the stoppages, saying they were begun by local unions of his United Clerical, Technical and Supervisory Employees in a battle for recognition by operators. Producers said Lewis had inspired the strikes and could end them.

## Basic Training in Germany For Draftees Seen by McCloy

By Richard Lewis  
Stars and Stripes Staff Writer

FRANKFURT, Oct. 7.—Undersecretary of War John B. McCloy said here yesterday that he saw no reason why basic training could not be given in the U.S. occupation zone of Germany to men inducted in a peace-time draft, which he urged as "the only economic and sensible defense system the country can support." Presumably this would help relieve present occupation forces.

McCloy, who is here appraising occupation problems and who will go to Japan for a similar survey, would not commit himself on when troops now designated for occupation duty would go home.

He also said he could not at this time indicate when large-scale shipments of replacements would come to relieve the present occupation forces. Gen. Eisenhower is in com-

munication with the War Department over the size of the occupation force, he said, but no definite size has been set. This will depend on what trends show up in Germany this winter.

The Military Government trend in the zone, he said, is moving toward eventual civilian control, but not rapidly. McCloy said he believed the Army is carrying out the nation's occupation policy in "a fine manner." The impression in the United States, he said, is surprise over the rapidity of de-Nazification, despite criticism of the situation in Bavaria.

He commented informally with newsmen on his impression that they were picking out isolated instances like the Patton incident as focal points of criticism. Actually, figures on Nazis thrown out of jobs in Bavaria and arrests there indicated a vigorous Nazi clearout, he said.

## French Press Assails Conduct Of Weird Laval Treason Trial

By Ernest Leiser

Stars and Stripes Staff Writer

The bewildering treason trial of Pierre Laval—arch-symbol of collaboration with the Nazis—is scheduled to continue today, but with Laval, his witnesses and his lawyers among those conspicuously absent.

In one of history's strangest and most dramatic hearings, the swarthy Vichy-time chief has cried out against the "judicial crime" he charges is being committed against him, and has refused to reappear or further defend himself in a court which, he says, "as though it feared the truth, will condemn but not judge me."

Charging "insulting" interrogation by Presiding Judge Paul Mongibeaux, "threats and invectives" by the jury and impossibility of properly preparing his case, Laval has written the court: "I am now convinced I am not in the presence of true judges."

Even among the press, despite its

hate for him, the wily politician has won near-unanimous support. Yesterday's "Figaro" accused the jury of "forgetting that they should be above all judges" and not prosecutors, and cited threats hurled against Laval—"a dozen bullets," "hanging," "scoundrel"—by several jurors in Saturday's wild session.

Other reporters have said: "This is not French justice" and there has been considerable agreement with the charge of Albert Naud, Laval's chief attorney, that "Jurisprudence has come to an end at this trial."

The prosecution, according to gnomelike old Andre Mornet, the chief prosecutor, has only three more witnesses. They are Charles de la Pommeraye, ex-secretary general of the French Senate; General Doyen, delegate to the French-Nazi armistice commission, and former Ambassador Leon Noel.

With no defense cross-examination, their testimony should be brief. With no witnesses and no arguments from the defense, the (Continued on Page 8, Col. 1)

Too Good for Too Long

I can't stand Skeezi's wife any longer. Man, I hate her guts. The stupid, smug, unimaginative nunny. I'd like to give a good swift kick to her backside. Who the hell does she think she is that she is so damn perfect? If I were her husband I would start pinching her and hard enough to make it hurt. If Skeezi doesn't start to take up drink soon, then he is a cabbage, too. What a dope. She and her breast feeding I hope the little brat dies of milk disease or stomach ulcers. One thing I hate is a virtuous woman, especially one who makes herself so through old-fashioned domesticity. Can't you stop printing the strip? Don't tell me that GIs love it. If I don't stop reading the damn comic, I shall go nuts.

I am dead serious. You've just got to do something about it. Send her back to the farm. She belongs right here in the middle of Germany in one of these picturesque, quaint little villages, where she can practice her blonde, Nordic genteel, Germanic domesticity. If she isn't driving Skeezi to drink, she is me anyway. Or something is.—Karl C. Graham, CIC.

Education

Who said every man in the ETO could take advantage of the educational program? Sure some of us can, but anyone who has a responsible job, which means a clean record all the way through, and a little extra exertion and intelligence to get that higher rating, is now too essential to go off to school.—393 inf.

De Luxe Forty and Eight

Ah, this brave post-war World with the Army! Marseille to Verdun, 520 miles, in only four days via the Forty and Eight.

During these four days we were furnished with exactly one canteen of authorized water—the canteen we had when we started out.

At the transit mess halls hot food, water and toilet facilities are available, but as far as stops at such places were concerned we were treated as though we were a non-stop express. As a result of this flagrant oversight men drank water from questionable sources and there were severe cases of dysentery. Now trench mouth has broken out.

Hundreds of idle freight cars were in evidence along the route, but far too many of us were crowded into one car. Why must American soldiers be maltreated? There certainly is no excuse for it with the war over.—(51 signatures—Ed.) 758 Qm Rhd. Co.

A Low Bow to the MPs

My buddy and I were stuck in Luxembourg with no transportation back to camp and so we decided to hitch-hike. We got as far as Longwy and realized we could go no farther because it was late and there was no traffic. So against our better judgment we went to the 381st MPs for help.

They allowed us to call our outfit and get permission to stay there overnight. Although they really had no room for us, they managed to get us a couple of cots and blankets and found a place for us to sleep. They fed us a swell breakfast in the morning and, last but not least, they drove us all the way back to camp, and not once during all this time did they ask to see our passes.

Many thanks for all you did for us.—Pfc D. T. Lindemann, 130 F.A. Bn.

Let George Do It

I cast my vote for Gen. Patton as military governor in the American zone in Germany. He realizes that every German, except bums, street-cleaners and prostitutes, belonged to the Nazi Party and the ablest of these members were usually leaders. Hitler pulled the wool over the eyes of these leaders by masterful use of propaganda.

If you eliminate Nazi leaders from positions of influence you lose the best German minds, and authority will then be vested in inexperienced and unqualified hands. Germans are no fools. They will contrast the state of affairs under American sponsored "democracy" with the quality of individuals at the helm of the Nazi slate and of course our "clean slate" regime will be the loser.

The Hitler crowd is rapidly being eliminated at the London and Nuremberg trials and the real criminals are being dealt with as they deserve, and most German people sympathize with the victims of these murderers.

But 90 percent of the local party

leaders have experienced nothing but organized blind devotion to the top Nazis. Show them a truthful and uncolored picture of American life and ideals and you will have industrious and able supporters of democracy instead of the inexperienced and incapable minds we are now supporting.—Cpl. D. E. Boyd, 3118th S.S.G.

Vive la France!

From the first day I hit France, nearly a year ago, I took a liking to the French people and that liking and respect has gained with each passing day. I have found them a helpful and most considerate people.

They've gone through the horror and tragedy of war twice in the past 30 years. In this past war it was true her Allies had to throw off the aggressor's yoke out France's contribution in many small ways added up to an important part in the victory. The sheltering, nursing and return of Allied airmen to friendly hands was one of their major contributions.

I have often heard uninformed soldiers say how lucky Paris was—how it never really felt the impact of war. Oh no? They didn't know that the Gestapo entered apartments by day or by night and snatched away the innocent. On the street the German was usually a model of proper behavior but beneath that green coat he was mean and brutal just as he was everywhere else.

Despite what they have gone through the French have remained a brave and valiant people. They have welcomed us with open arms and for my part I want to thank them from the bottom of my heart, and tell them that I think the average and thinking GI appreciates their gallant, indomitable spirit as much as I do.—Sgt. C. J. L. USFET Mission to France.

Day of Rest

Is it necessary for any troops to work seven days a week—is there any such thing as a Sunday off?

Is it essential that when the work for the day is finished these troops should stand out in the rain until a specific "quitting" time? All around us the Italians and German civilians go in out of the rain while we are still standing there until it reaches the exact minute. Only then can we go in.—Pfc, 3218 Q.M. Ser. Co.

Editor's Note: Your letter was referred to the Chief Quartermaster who replied that:

"The unit in question is assigned to a Q.M. Base Depot which is operating 24 hours a day, seven days a week. It is impracticable to give this, or any other unit as a whole, Sunday off. It is the policy of the Depot Commander to give his personnel one day off a week. This policy is being followed in the 3218 Q.M. Service Co."

"The Depot Commander has taken action to issue instructions that when there is no work to be done, troops may be released immediately and not have to wait for a specific time to return to their billets."

UK to U.S.—Air Express

Peggy Cummins, young British stage and screen star, smiles a greeting to the U.S. as she steps from an American Export Airlines plane on her arrival at LaGuardia Field, N.Y., after a trip from London. She will appear in 20th Century-Fox movies.

The American Scene:

Scientists Back Truman, Urge Control of Atom

By George J. Maskin  
The Stars and Stripes U.S. Bureau

NEW YORK, Oct. 7.—President Truman has a group known as the Atomic Scientists of Chicago—95 percent of them worked on the famed bomb project at the University of Chicago—on his side when it comes to urging that Congress act quickly in legislating for international control of atomic energy.

According to the scientists, the big question facing the U.S. isn't whether the country keeps the bomb a secret but "what the policy of this country should be with the knowledge that in a few years from now there will be a sufficient number of atomic bombs on hand in several countries to cause world catastrophe."

The organization further declared that it could see no hope for "adequate defense" against the bomb.

Meanwhile eight of the scientists, stood ready to "work at our laboratory benches while Mr. Crosby's scientist attempts to explode us" in an effort to disprove a claim by the Crosby Foundation that it had discovered a defense against the bomb.

The claim was published Monday by Larry Crosby, brother of the crooner, as president of the Crosby Foundation, Hollywood. Crosby said the defense technique was so simple that atom bombs could be detonated even though their exact whereabouts were not known.

Crosby Claim Called Preposterous

The Chicagoans said, "The recent claim of the Crosby Research Foundation to have found a defense against the atomic bomb is as preposterous as the Foundation's previous claim to have set off an atomic explosion with a piece of material the size of a pea."

On the same subject, columnist Walter Lippman suggests that universal knowledge of the bomb's formula is the best way to "protect mankind against the terrible possibilities of this new scientific knowledge." Were the information to become free to everyone, Lippman claims, it would be impossible for "any government to perfect in secret any new application of it."

Congress incidentally may take up the atomic issue this week—that is, if its members can agree on which committee should handle preliminary hearings. Some on Capitol Hill figure that, since the Army may have some influence in peace-time atomic development, the House and Senate Military Affairs Committees should have first crack at the proposed bills. But there are other lawmakers who want the measures studied by a special atomic committee, which would be made up both of Senators and Representatives.

Love Wins Out—34 Years Later

WHO says there is no such thing as love? In Memphis, Mr. and Mrs. Martin Luther Flowers were remarried—exactly to the day 34 years after their first wedding. The couple was divorced eight years after their original marriage and didn't see each other for 22 years, until Flowers dropped around and said hello. Love reblossomed immediately and following a two-year courtship they again middle-aged it.

ADD matrimonial bureau: International News Service has come up with this report on five young wives who have had their "Enoch Arden" husbands reappear from a war "death." Two of the wives have returned to their first mates, two others will stick with their second husbands, while the fifth hasn't decided, but indications are she'll keep number one.

IN Philadelphia, hereafter, it will cost residents five bucks, or five days in prison, if they are caught feeding any of the famous Mid-City pigeon flock, which has been reported infected with a virus-pneumonia communicable to humans. Police and Health Department employees are trying to capture, or kill the birds.

A miracle, if ever there was such a thing, has happened to Miss Ninabelle Cross, of Upper Sandusky, Ohio. For 16 years, Miss Cross couldn't leave her bed. She was crippled and ill. Today she's cured and walking unaided after experiencing visions she said, in which "the image of God" appeared before her.

"God said to me, 'You have had faith and will be cured,'" Miss Cross said, adding that she was given overnight "the strength" to walk after a long series of illnesses that included sleeping sickness and spinal meningitis.

Messenger, 70, Quits to Take a Walk

SEVENTY-YEAR-OLD P. M. L. Sterm has quit his job as a Western Union messenger in Chicago, declaring that he was restless and planned to take a walk. He is walking to New York first and from there will hike out to Phoenix, Ariz.—all for his health.

ALSO in the oldtimers' department, meet Hiram Gale, 99, of Seattle a new commander in chief of the Grand Army of the Republic. Gale fought with the Union Army through some of its bloodiest campaigns and was discharged before he was 20.

IN Washington, aircraft industry officials are puffing because the Army won't remove the camouflage from plane factories. The Army says it would like to, but hasn't got the money. And over in the Navy Department, intimates reveal that Secretary James V. Forrestal isn't interested in relinquishing his job until the peace-time Navy is firmly shaped up. Forrestal has been rumored as the possible Democratic candidate for Governor of New York, or next U.S. Ambassador to Britain.

# 53-56 Million Jobs Predicted By Next Fall

WASHINGTON, Oct. 7 (ANS).—The Committee for Economic Development predicted today that by next fall, one year after V-J day, from 53 to 56 million jobs would be available.

This would be seven to ten million more than in 1940, the last peace year.

Walter D. Fuller, of Philadelphia, chairman of CED's field development division, made the prediction after a spot check of 884 cities and production centers. He told a press conference that the survey indicated that few of the 884 expected to take more than a year to complete reconversion. The average will be six months.

Fuller said the CED, before setting out to stimulate peace-time business expansion, fixed its goal at seven to ten million new jobs, an increase of 30 to 45 percent in productive employment.

"After reading telegrams from 84 major cities and production centers and from some 800 other communities we are tremendously confident that our goal will be reached," Fuller said.

CED's survey included personal interviews by local members with employers of ten or more persons in the 884 centers covered.

# Vets in ROTC Get Added Pay

WASHINGTON, Oct. 7 (ANS).—The Army resumed yesterday its advanced course for the Reserve Officers' Training Corps, announcing a series of financial inducements for World War II veterans who take the course at universities.

The two-year advanced course was suspended during the war, although the basic course was retained.

Veterans who qualify will be given a money allowance of about \$370. In addition, they will receive between \$70 and \$75 while attending a six-week ROTC camp, which will normally come during the summer. Following completion of the first year of advanced ROTC, uniforms and military textbooks will be furnished without cost.

These inducements will be in addition to those veterans receive while attending college under the GI Bill of Rights, which authorizes \$50 per month subsistence for single men and \$75 for married men, plus the cost of tuition and other fees up to \$500.

# Sturdy Shafts Help to Spin a Prop

"Contact!" yells Mona Freeman from the cockpit as Virginia Welles gets set to spin the propeller on its shaft—exhibiting a shapely pair of her own at the same time. The movie starlets are starting off from Rosemead Airport, Los Angeles, for a jaunt to Palm Springs.

# Publicity Men Have a Canny Way of Selling the Goods

The publicity man's job in this case is to get you to buy a bathing suit—and what better way than to lead you to think you'll find babes like this strolling on every beach? The girls are finalists in the 1946 National Swim for Health Week contest, lined up for the judges at the Hotel New Yorker. Winner was Betty Jane Marshall of Ashland, Ky., and since the publicity man was more interested in the bathing suit angle than the curves, he didn't say which one's Betty Jane, drat him!

# New Super Airliner To Carry 204

SAN DIEGO, Oct. 7 (ANS).—A six-engine aerial colossus that dwarfs any plane ever built was publicly presented today for the first time by Consolidated Vultee Aircraft Corp. as one of its new reconversion products.

This huge plane, which will carry 204 passengers as a luxury airliner or 400 soldiers as a troop transport, is not just an engineer's dream or a

blueprint ship. The first model is now being built.

Consolidated officials, with permission of the Army, permitted 18 newspaper correspondents to view the military version of the plane under construction.

The plane will be 180 feet long

and have a wing span of 230 feet. It will have six engines of 5,000 horsepower each installed in the trailing edge of the wing to push rather than pull the over-all load capacity of 265,000 pounds.

The newsmen, who are making a round-the-nation tour of major industries, also were shown a full-scale wooden mockup of a new 30 passenger plane for domestic airline service, a four-engined Liberator equipped with a jet propulsion engine for extra speed.

The gross weight of the super luxury airliner will be 320,000 pounds and it will carry a useful load of 155,990 pounds. A flight crew of six will man the plane, capable of traveling at a cruising speed of 340 miles an hour. It will have a maximum range of 4,200 miles.

# Youth Draft Vital—Hershey

MILWAUKEE, Oct. 7 (ANS).—Advising men of 18, 19 and 20 years to be reconciled to prospects of Army induction, Maj. Gen. Lewis B. Hershey, national director of Selective Service, declared today that lowering of physical standards was becoming increasingly imminent.

"Unless recruiting picks up considerably the present rate of induction isn't high enough for the nation's postwar military establishment," he added.

Hershey, here to inspect new consolidated headquarters for the Milwaukee County Draft Boards, said it seemed evident no legislation would be passed by Congress under which men under 21 would not be called for military duty.

If induction of younger men ceased, he said, there would not be enough manpower to maintain an effective occupation force.

He urged that Selective Service boards continue to handle the task of returning veterans to jobs.

# Gilt-Edge Teachers Offered Brass Bonus

KEY WEST, Fla., Oct. 7 (ANS).—So hard up is Key West for high school teachers that Principal Horace O'Bryant has offered qualified young women instructors a guarantee of a "Navy lieutenant with or without wings" if they'll take a job.

O'Bryant made his offer after he had to close six classes because of a lack of teachers. Top salary is \$1,782, but O'Bryant points out that Key West is a naval base with thousands of eligible young men around.

# Reds Asked U.S. To Sacrifice Ideals—Dulles

NEW YORK, Oct. 7 (ANS).—John Foster Dulles, adviser to Secretary of State James F. Byrnes, said last night that the recent council of foreign ministers in London "merely revealed difficulties of long standing" and that "we have made not a bad but a good beginning."

Dulles, who attended the London meeting, said in a radio speech the Soviet delegation to the council "wanted to find out how much of our principles" the U.S. was willing to sacrifice to attain its goals.

"They did find out," Dulles said. "They found out that the U.S. was not willing to sacrifice its principles or its historic friendship with China and France."

# 'Good Thing It Happened'

"It was inevitable that a time should come when the Soviet Union would want to test us out. It is a good thing that that has happened and that it is now behind us."

The task of peacemaking begun at London, Dulles said, "is no easy task."

"It is not a matter of victors imposing their will upon defeated enemies," he added. "When we get to that it will be easy. So we are not now negotiating peace with Italy or Rumania or Germany. We are negotiating peace with the Soviet Union, Great Britain, France and other United Nations."

# 'Soviet Wants to Know'

"The Soviet Union wants to know what our political attitude will be toward the states which border them in the Balkans," Dulles said. "They want to know what our attitude is toward sharing with them the control of defeated Japan. They want to know what our attitude will be toward giving them economic aid."

"These and other matters must in due course be explored and it may be that until that whole area has been explored, progress will be slow."

The U.S. delegation to the London conference, he added, was determined to preserve unity among the United Nations and "there will be no bloc of Western powers if the U.S. can avoid it."

# Short-Enlistment Bill Goes to White House

WASHINGTON, Oct. 7 (ANS).—The House has completed and sent to the White House a measure to permit 18-month enlistments for new recruits and 12 months for men who have been in service six months, optional Army retirement at half pay after 20 years' service (which the Navy already allows) and benefits of the GI Bill of Rights to men re-enlisting.

# Kaufman's Wife Dies

NEW YORK, Oct. 7 (ANS).—Mrs. Beatrice Kaufman, 50, playwright, literary editor and wife of playwright George S. Kaufman, died last night.

# This Talent Goes to Waist

Finalists of a heavyweight contest conducted by Perry Ward on his Los Angeles radio show "What's Doin', Ladies?" are Aline Foster, (left), who weighed in at 447 pounds and runner-up Nellie B. Lane, a mere 407-pounder. Ward's in the middle, on guard for a squeeze play.

French Children Fly to Sweden for Six-Month Vacations

Waiting for the first C47 to take off for Sweden from Le Bourget airport, French children clutch dolls and paper-wrapped parcels they are bringing along for their six-month visit as guests of Swedish families. Free vacations have been offered to 1,000 French children by Sweden.

3d Transfers 2,000 Men

KASSEL, Germany, Oct. 7.—Transfer of 2,000 Third Inf. Div. enlisted men with 45-59 point scores to the 100th and 78th Inf. Divs. got under way here today. Convoys carrying 1,000 "Marne" Div. men left for Stuttgart, the 100th's CP, and will return with 1,200 former Centurymen, all with below 45 points, as replacements. The transfer is on a man-for-man, MOS-for-MOS basis, the extra 200 troops of the 100th Div. being non-specialists.

Later in the week another 1,000 Third Div. troops will join the 78th Div., which will not provide replacements.

"With no replacements coming in from the 78th," said Capt. John Dwan, Third Div. AG, "the Third Division will fall below T/O strength on effectives. This will be an extra work for all men, but it cannot be helped until we get new men from the States."

Tentative plans call for the shipment of an undetermined number of Third Div. men with 60 or more points to the 36th Inf. Div. about the middle of October.

Tests Vaporize Sailors' Riches

BAYONNE, N.J., Oct. 7 (ANS).—Forty-two crestfallen crew members of the Victory Ship Santiago Iglesia made plans to return to sea again yesterday after figuratively spending a \$250,000 fortune that never materialized.

The crew fought off sharks near the Azores to fish in a 250-pound gray mass, which they thought was valuable ambergris.

Initial tests Tuesday by City Chemist Robert Gaines tentatively confirmed the find as ambergris, a wax-like secretion of sperm whales highly valued in the manufacture of perfume.

Yesterday, Gaines reported his final findings. The mass which was being held under guard aboard the ship was nothing more than a mixture of fats, "probably residue of some carcass."

Leftist-Rightist Paper Cracks Up in the Middle

The newspaper Front National, one of the leading resistance papers during the occupation, on which leftists and rightists worked together, suspended publication yesterday emphasizing that party lines were being drawn more sharply in France as the Oct. 21 election day drew closer.

Both groups agreed to come to a parting of the ways, the United Press reported. While negotiations were under way over disposition of the paper, "foreign elements" entered the pressroom and destroyed some mechanical apparatus, according to Jacques Debu-Bridel, managing editor.

Reconversion for 89th

HQ, 89TH INF. DIV., Oct. 7.—Formation of the 89th Inf. Div. Society of World War II, a social organization, was announced here. T/4 Robert E. Kies, 341st FA, was elected temporary president.

Mme. Renée Vacher gives a goodbye kiss to her five-year-old daughter, Nicole, at the airport before Nicole leaves for Stockholm.

U.S. Bares Wakeless Torpedo

WASHINGTON, Oct. 7 (ANS).—New electric torpedoes which approach targets without leaving a tell-tale wake destroyed nearly 300 Japanese ships, including the battleship Kongo, the Navy revealed tonight.

Torpedoes driven by steam turbines necessarily leave a wake of bubbles. The wake gives the attacked ship a chance to maneuver out of the way and often indicates the approximate spot from which the torpedo was fired, giving the enemy a chance to drop depth charges on an attacking submarine.

The electric torpedo, running wakeless through the water, was especially effective in daylight attacks.

In one war patrol, the submarine Barb fired 24 electric torpedoes, scored 21 hits and sank or damaged 6,500 tons of Jap shipping.

Tientsin Japs Yield to U.S.

TIENTSIN, Oct. 7 (AP).—Maj. Gen. Keller E. Rockey of the U.S. Marine Corps yesterday accepted surrender of 18,000 Japanese troops at Tientsin for Generalissimo Chiang Kai-shek.

It was the first formal capitulation of Japanese troops in the Tientsin-Peiping area, where they totaled more than 50,000 men.

The Japanese were obviously resentful at being compelled to walk up to the surrender table outside the French Municipal Building, where they laid their swords on green cloth.

Before the ceremony, the Japanese naval attache in Tientsin, Capt. Tajiri, committed harakiri at his quarters.

Indictment Set For Trials at Nuremberg

By Joseph B. Fleming Stars and Stripes Staff Writer

BERLIN, Oct. 7.—Rudolf Hess, the Führer's deputy who made a mystery-shrouded flight from the Reich in 1941, will be returned to Germany from England in the next few days to await trial as a war criminal along with 22 other top Nazis now imprisoned at Nuremberg.

This was revealed today by Sir Hartley Shawcross, chief British prosecutor, who disclosed the Allies have prepared a 43-page indictment charging Hess, Goering, Von Ribbentrop and their cohorts individually and as a group with conspiracy to wage aggressive war and break international treaties and rules of war.

The indictment, which is now being prepared in four languages, was signed here yesterday by the chief prosecutors of the United States, Britain, Russia and France, and will be served on the defendants Tuesday or Wednesday.

Yesterday's meeting in Berlin and the scheduled meeting here this week of judges to fix the date of the trial and settle procedural problems are no indication of the confirmation of persistent reports that the long-awaited war criminals' trials will be transferred from Nuremberg to Berlin.

Hitler Still Alive?

LONDON, Oct. 7 (AP).—There is "reason to believe" that Hitler may be still alive, according to a remark made by Gen. Eisenhower to Dutch newspapermen. British Sunday morning newspapers gave front-page emphasis to the General's statement, in which he was said to have reversed his previous opinion that Hitler was dead.

Shawcross said the original plan called for these preliminary meetings to be held in Berlin and it is "anticipated" that the trial will be held in Nuremberg.

The bulk of the evidence against the 23 Nazis and one "ghost"—Martin Bormann, whose whereabouts is a puzzle to the Allies—will be documentary evidence gathered from letters, diaries and other papers found in Germany and occupied Europe, Shawcross said.

Defendants have not yet chosen counsel and if they ask for legal aid the court probably will assign them German lawyers, Shawcross said.

He disclosed that the prosecution plan calls for the U.S. to charge the defendants with waging aggressive war, Britain to charge them with breaking international treaties and France and Russia, respectively, to prosecute charges of breaking rules of war on the Western and Eastern Fronts.

Asked why Bormann was being tried in absentia and Hitler was not, Shawcross said the Allies placed more credence in reports of Hitler's death.

Sick Tot Safe in Port After Changing Ships

CAPETOWN, Oct. 7 (Reuter).—When the Swedish liner Drottningholm docked at Capetown yesterday, on board was a six-month-old baby girl taken six days ago at sea from another vessel and brought to Capetown. The baby, who was dangerously ill with enteritis, was taken from the liner Rigoletto, which sent out a call for help on Sept. 30.

The Drottningholm radio operator picked up the Rigoletto's SOS, and at night the Swedish liner hove alongside. Under the glare of arc lights the tot in its basket and the mother were lowered over the side of the Rigoletto into a life boat and carried across to the Drottningholm. The child received immediate attention, and when the Drottningholm docked, the danger was over.

Blaine Talk

Vivian Blaine has red hair, a brief costume, a parasol and a part in the movie "Nob Hill."

Belsen Defense Starts Today

LUNEBURG, Germany, Oct. 7 (AP).—The defense was expected to begin its case tomorrow in the trial of Josef Kramer and 44 others charged with the guilt of Belsen and Auschwitz concentration camps.

The prosecution yesterday completed its case against the former commandant, capping three weeks of testimony and evidence with introduction of a confession signed by Kramer, in which he admitted gassing victims at Auschwitz. Detailed accounts of atrocities at the camps have been presented by the prosecution through 33 witnesses and more than 60 affidavits.

1st Mass Atrocity Trial In U.S. Zone Opens

WIESBADEN, Oct. 7.—The first mass atrocity trial to be held in the U.S. zone, and the first in which German civilians will face murder charges not involving Americans, will open here tomorrow. Six men and one woman will be tried for the murder, between July, 1944, and April, 1945, of 500 Polish and Russian slave workers at the Hadamar mental institution.

Jap Dory Sunk, Three Killed Resisting Seizure

PEARL HARBOR, Oct. 7 (ANS).—A Japanese motor dory was sunk and the crew of three killed Thursday when they resisted a boarding party from the transport Thurston. The action took place half way between New Guinea and the Carolina Islands.

The Thurston had sighted the seemingly abandoned dory and had sent a motor boat to investigate. The Japanese sprang from beneath a blanket and attacked the boarding party with hand grenades, forcing them into the water. The Thurston opened fire and sank the Japanese craft. There were no American casualties.

U.S. Sees No Meaning In Exit of Soviet Attache

TOKYO, Oct. 7.—Russia's military representative to Gen. MacArthur has returned to Moscow, a headquarters spokesman said today, but the move has "absolutely no significance."

The spokesman said the representative, Lt. Gen. Kuzma Nikolaevech Derevyanko, merely was taking a short vacation.

By Chester Gould

Sitting on Top of the World

Wearied of lousy puns about having rocks in the head, the crew of the USS Marblehead came up with a smart suggestion in urging the Chesterfield Supper Club radio show to choose a girl for the title of Miss Hemisphere. The cast picked Beall Baldwin of Columbus, Ga.

Nazi Magnates Branded as War Criminals

WASHINGTON, Oct. 7 (ANS).—A Senate subcommittee recommended tonight that 42 German industrialists be punished as war criminals because they helped to produce "instruments for aggression."

Subcommittee of the Military Affairs Committee headed by Sen. Harley M. Kilgore (D-W. Va.), based its recommendation on reports submitted by the Treasury Department after study of Germany's financial and industrial preparations for war.

"The facts clearly implicate these industrialists in the crimes committed against the peoples of many nations by the Nazis in their quest for world domination," Kilgore said as he made public the subcommittee hearings.

"They show further that these industrialists, far from joining the Nazi bandwagon in the last days in order to safeguard their persons and properties, were from the very inception of the Nazi party its enthusiastic supporters. Their assistance made possible the Nazi seizure of power. They directed the conversion of the economy to war and they managed Germany's production of the instruments for aggression."

Among those named by the Treasury was 80-year-old Dr. Alfred Hugenberg, sometimes called "the giant shadow over Hitler" and chairman of the board of Krupp Works during the first world war. He helped build up a world-wide espionage ring, the Treasury said, including acquisition of the B. Westermann, Inc., book firm in New York City. It was closed by the Treasury in 1941.

Also named were Herman Beucher, director of the Reichsbank, with important public utilities connections in South America, and Dr. Max Iglner, head of I. G. Farben's financial department. Iglner specialized in international cartels and was described by the Treasury as "maniacal on the subject of German domination." Dr. Hugo Henkel, chemical magnate and another potential war criminal, was described as a typical German industrialist whose chief interest in government was to become a power in it.

Bataan Chaplain Died a Prisoner On Jap Ship

OSSINING, N.Y., Oct. 7 (ANS).—The Rev. William Cummings, 43, Catholic priest credited with originating the phrase "there are no atheists in foxholes" at Bataan, died of exposure and starvation early this year aboard a Japanese prison ship, according to word received here today from Manila.

The Rev. Robert Sheridan, director of the Maryknoll Fathers of the Catholic Foreign Mission Society of America, said the priest's death had been confirmed by eyewitness accounts of released prisoners of war.

2 German PWs Take Awol Tour of U.S.

BLOOMINGTON, Ind., Oct. 7 (ANS).—Two German PWs have realized a good part of their ambition to see the U.S.

The two, Rolf Ichter and Rolf Eichorn traveled almost half way across the country in less than a week before they were arrested.

Questioned as to why they left a PW camp in Ft. Meade, Md., they said: "We wanted to see as much of the U.S. as possible."

Russia Eases Taxes

MOSCOW, Oct. 7 (UP).—The Council of Peoples' Commissars today decreed substantial tax exemption to families of war dead and invalids.

Leclerc Moves Into Saigon

SAIGON, Oct. 7 (UP).—Gen. Jacques Leclerc, new French governor-general of Indo-China, arrived here yesterday aboard the U.S.S. South Dakota.

Leclerc's arrival followed broadcasts over the Hanoi radio by the Viet Minh revolutionary government, threatening to discontinue talks with the French unless Annamite independence was recognized.

Viet Minh representatives, meanwhile, reported that they had been unable to find the body of American Col. Peter Dewey, killed during the recent disturbances.

Leclerc said he would assist British forces in restoring order.

S & S Adds Realism to Story of GI Joe

Actor Burgess Meredith, playing Ernie Pyle in the movie "The Story of GI Joe," soaks his aching feet while writing a column in the field. The helmet is resting on a copy of The Stars and Stripes.

Million Yen for Slow Death

Jap Ray Could Kill Rabbit In 10 Minutes at 31 Paces

By Al Dopking

Associated Press Staff Correspondent

TOKYO, Oct. 7.—Japanese scientists tried for five and a half years to develop a "death ray," but by the war's end the best they could do with it was to kill a rabbit 31 meters away in ten minutes.

Their long work on the "death ray" was disclosed by U.S. research officers who reported the Japanese thought enough of the ray to appropriate one million yen for its development in 1945.

The Japanese experimented with a ray destined to stop engines by pre-ignition directed against airplanes, but they succeeded only against unshielded engines at short ranges.

An American scientific group concluded that a "tremendous advance would have to be made before the death ray could become of any value as a military weapon."

Scientists said the death ray works on a short radio wave focused in high power, causing physiological effects in mammals. The apparatus created by the Japanese included an antenna placed in the focus of a reflector. Waves were thus focused on the subject by the reflector.

Rabbits, ground hogs and monkeys were used in experiments. Effects of the ray included hemorrhage of the lungs and destruction of the brain cells.

Asked if humans were ever used in experiments, a Japanese told how one experimenter subjected himself to it briefly and after a few seconds reported dizziness and fatigue lasting from 12 to 24 hours.

Shintoism Out As State Cult

Shintoism Out As State Cult

WASHINGTON, Oct. 7 (ANS).—The U.S. has decided to abolish Shintoism as the state religion of Japan, it was officially disclosed last night.

This measure, one of the most drastic yet determined upon in remaking Japan into a peaceful nation, will not affect Shintoism "in so far as it is a religion of individual Japanese," the announcement said.

However, the cult is to lose its government support, its special taxes, its place in the schools of Japan and its official enforcement on the people.

The policy was announced by John Carter Vincent, Chief of Far Eastern Affairs at the State Department, who said all those special privileges which Shintoism had as a state religion are "to be done away with." The state religion has been regarded as one of the most powerful controls which Japan's militarist leaders exercised over their people.

New Panama Locks Studied

WASHINGTON, Oct. 7 (ANS).—The War Department announced last night that it was reviewing plans for a third set of locks at the Panama Canal. The locks would be large enough to pass the Navy's new 45,000-ton supercarriers.

### Army Wins; Middies Trip Duke, 21 to 0

WEST POINT, N.Y., Oct. 7.—Army's overwhelming superiority in every department of play crushed Wake Forest, 54-0, yesterday before 6,000 fans who braved a steady rain for a glimpse of the mighty Cadets as they won their 11th straight game.

The contest was scarcely two minutes old when Herschel Fuson, center converted to right halfback, scampered around left end for 51 yards and a touchdown without a hand being laid on him. From then on it was a parade of Army backs and blockers who teamed up to score almost at will despite frequent penalties for illegal use of hands.

Glenn Davis raced 55 yards around end for the second tally. The next counter came on two passes by Dick Walterhouse, a 16-yard heave to Barney Poole and a 12-yard toss to Dick Wayne in the end zone.

Tom McWilliams then tore off the longest run of the game, a 79-yard sprint to pay dirt in the third period. Fuson ran 17 yards for another tally after Arnold Tucker's 36-yard pass to Davis set up the score. Doc Blanchard scored the next one on a sprint from midfield after intercepting a pass.

McWilliams counted again on a 13-yard run, and Jack Burckhart plunged from the half-yard line for the eighth touchdown on the last scrimmage of the game.

### Navy's Big Guns Blast Duke's Perfect Record, 21-0

DURHAM, N.C., Oct. 7.—Navy struck with lightning swiftness to put across two touchdowns in the first quarter and another in the fourth to knock Duke from the ranks of the unbeaten, 21-0, yesterday.

Navy scored in the first five minutes of play on a drive which started when Bob Kelly ran back a Duke punt. Bob Jenkins crashed over for the tally and Jack Currence converted.

Several minutes later Bob Hoernschmeyer faded back to pass on Duke's 27, elected to run instead, and streaked over the goal line. Again Currence converted.

Duke and Navy fought on even terms for the next two periods with neither team able to gain consistently. The Middies' final score came in the last quarter when Clyde Scott, swept around end for 83 yards. Currence kicked his third point.

Duke made five first downs and Navy six, both teams being hampered by wet grounds. The Tars fumbled six times and the Blue Devils four.

### Busher Wins, Rates 7th With Earnings

INGLEWOOD, Calif., Oct. 7.—Busher won the Vanity Handicap yesterday and forged into seventh place among the all-time money winners of the turf. She covered a mile and one sixteenth in 1:43.8 to win \$17,445 and boost her total earnings to \$334,035.

Canina was second and Paulas Lulu third. Miss Doreen, the early pacesetter, faded at the turn for home where Busher took command and won going away by two lengths.

The filly's victory enabled her to pass such money-winning standouts as Shutout, Gallant Fox, Phar Lap and Challedon and leave her less than \$4,000 behind Equipoise in sixth place. Yesterday's victory was her 15th in 19 starts.

### Chalky Scores Upset

DETROIT, Oct. 7.—Former featherweight champion Chalky Wright handed old Father Time another setback last night when the aging Negro campaigner upset Bobby Ruffin in the ten-round main event here.

Wright came in at 129 while the rough-and-tumble New York lightweight contender scaled 135.

### Series Victor to Get \$187,200.09 Melon

CHICAGO, Oct. 7.—The winning team in the World Series will cut up a melon of \$187,200.09 from the players' pool of \$445,714.50.

The losing team will split up a jackpot of \$124,800.06. The other six clubs to finish in the first divisions of the leagues will cut up a total of \$133,714.35.

### Post-Bout Riot Leads to Suspension

Managers and seconds try to quiet Harold Green as he seeks to continue the fight after being KO'd by Rocky Graziano in Madison Square Garden. Green started a minor riot when he rushed across the ring in an attempt to get at Graziano, managers, seconds, officials, police and fans all getting in a few punches or pushes.

### Green Fined, Suspended Year For Starting Riot in Garden

NEW YORK, Oct. 7.—Welterweight Harold Green was fined \$1,000 and suspended for one year by the New York State Athletic Commission and four of his handlers drew suspensions yesterday after a probe of the post-battle riot at Madison Square Garden, Sept. 28, following Green's kayo by Rocky Graziano.

Sol Gold, Green's manager, was suspended for a year for not keeping the boxer under control. Fred Brown, second and trainer, was suspended for six months for "speaking disrespectfully" to referee Ruby Goldstein. Charley Duke, another second, had his license revoked and was told it will never be renewed because he has a criminal record. Nate Garber was suspended indefinitely because he failed to

inform the commission he shared the management of Green with Gold.

### Banned in Massachusetts

BOSTON, Oct. 7.—The suspension of two boxers was announced yesterday by the state boxing commission. Set down indefinitely were Jose Fernandez, Boston lightweight, and Leo Renaud, Fall River welterweight, because of recent unsatisfactory bouts.

### A Cub Bid for a Run Falls a Little Short

Stan Hack, Chicago Cub third baseman, is cut down at the plate on a throw from Tiger left fielder Hank Greenberg to catcher Paul Richards (9) while attempting to score from second on a single by Peanuts Lowrey. Umpire Lou Jorda watches as Hack goes into his slide while Richards crouches holding the ball. Greenberg later clouted a homerun with two men on to give the Tigers a 4-1 victory in the second game of the World Series.

### Tigers' Victory Formula: Big Inning, Fine Hurling

By Pete Lisagor  
Stars and Stripes Staff Writer

CHICAGO, Oct. 7.—The same combination of one-inning power coupled with good pitching by which Detroit's Tigers won the second game of the World Series, had them back in the contention today as they squared away all even for the fifth contest with the Chicago Cubs.

Locomotive ataxia notwithstanding, the aging Tigers still pack a veiled punch at the plate, as they demonstrated yesterday in defeating the Cubs, 4-1, to draw even at two games each.

Parlaying four hits for four runs in a big fourth-inning outburst against Ray Prim, the Cubs' creaking southpaw, the Tigers gave bespectacled Dizzy Trout a well-deserved triumph by the same score they won in Detroit.

### Start Over Again

Thus the two teams start all over again today, with the same pitchers, Hal Newhouser and Hank Borowy, on the firing line.

Trout yielded five hits yesterday and missed a shutout when Don Johnson's triple led to the lone Chicago tally in the sixth. Johnson scored on Rudy York's overthrow to third base trying to trap the Bruins' second baseman, but he'd have scored anyhow on a long fly ball hit by Phil Cavarretta later in the inning.

The Tigers, who have scored all their runs in the Series in two productive innings, chased Prim in the fourth with two walks, mixed with singles by Roger Cramer and Hank Greenberg and a double by Roy Cullenbine accounting for the cluster. Paul Derringer relieved Prim and was later followed by Hy Vandenberg and Paul Erickson, who were sacrificed as pinch-hitters as the Cubs tried vainly to get at Trout.

### Fans Cubs in Clutch

Trout struck out six men, pouring his fast ball past his opponents whenever he had to in the clutch. He checked a momentary threat by the Cubs in the fourth after two singles led the partisan Chicago crowd to believe their boys were on the way to a rally. But Trout answered by striking out Cavarretta and Nicholson and forcing Andy Pafko to lift a harmless fly to second. That effectiveness against the Cubs' big punch prevailed throughout and placed Trout alongside another righthander—Virgil Trucks—as the best bats against the National Leaguers.

Yesterday the Cubs were guilty of their first Series error of commission in the game but generally lacked the sharp edge they displayed earlier, being guilty of several defections of omission.

### Filmland Does Its Bit for World Series

By a Stars and Stripes Staff Writer

CHICAGO, Oct. 7.—Any signs of nervousness Tiger pitcher Dizzy Trout might have displayed in the early stages of Saturday's opener at Wrigley Field could be charged to Hollywood. The canners of animated sausage sent actress June Haver to the Series as a publicity tieup for the movie, "The Dolly Sisters," and June visited both dugouts before the game.

The loquacious Trout's eyes fairly popped out when Miss Haver asked him to autograph a baseball and he shivered when she kissed Steve O'Neill on the cheek for luck—and the cameras. She did the same for Charley Grimm, so both men appeared on the third base coaching lines with a lipstick smear on their cheeks.

Ray (Pappy) Prim, the Cubs' starting pitcher yesterday, is another product of war-time baseball. At 39, silvery-haired Prim had kicked around the minors most of his career, landing with the Cubs this season in the influx to the majors of old-timers replacing youth in uniform. He won only two games for the Cubs in April, May and June. But in the Cubs' hot upsurge in July he started and relieved to pick up five wins, including in that stretch 27 consecutive scoreless innings. He wound up with 13 wins and eight losses. Prim was originally a righthander, but a burn damaged the tendons in his right hand and turned him into a southpaw.

Both Roy Cullenbine and Paul Richards waited until the fourth game to break into the hit column for the Tigers and each dealt a damaging blow when they finally broke through in the big fourth inning. Cullenbine, batting right-handed against lefty Prim, doubled down the left field line to drive home the second Tiger run and send Prim showerward. Richards lined a single to center against Paul Derringer in the same inning to drive in the last Detroit run.

Phil Cavarretta had trouble against Trout's pitching. In the second inning Diz smoked three straight strikes past Phil and the Cub first sacker didn't take his bat off his shoulders. In the fourth Don Johnson and Peanuts Lowrey singled successively and the Cubs seemed to have a rally under way. With a 3 and 2 count on him, Cavarretta waved at a bad pitch that almost went into the dirt. Phil's claim that he pulled his swing back in time carried no weight with umpire Jocko Conlan.

Wrigley Field ushers parade a goat with the legend, "We've got Detroit's goat" about the field. The animal's balking got the ushers' goat in the end. When Derringer relieved Prim in the fourth he got into his fourth Series and claimed to be the only man ever to pitch in the classic for three different clubs—the Cubs, Cards and Reds... Commissioner Happy Chandler, who is the current favorite target for every cute crack and barb the writers can invent, drew a round of boos from the fans when he tossed out the first ball in Wrigley Field.

### Facts and Figures On World Series

CHICAGO, Oct. 7.—Here are the World Series figures for the fourth game:

Paid attendance.....	42,922
Gross receipts.....	\$208,176
Players' share.....	\$106,169.76
Commissioner's share.....	\$31,226.47
Each club's share.....	\$17,694.96
Each league's share.....	\$17,694.96
● Totals for the first four games:	
Paid attendance.....	206,696
Gross receipts.....	\$873,950
Players' share.....	\$445,714.50
Commissioner's share.....	\$131,092.57
Each club's share.....	\$74,285.74
Each league's share.....	\$74,285.74

### Ohio Crushes Iowa, 42-0, in Big Ten Game

ATLANTA, Oct. 7.—Notre Dame's Fighting Irish ran roughshod over Georgia Tech, 40-7, here yesterday. The Ramblers combined a fast running attack with a series of classy aeriels and amassed 15 first downs to Tech's ten.

The Jackets opened the scoring in the first period when Ed Holtzinger skirted end for the tally and Dankyker added the extra point. Three minutes later Irish halfback Frank Dancewicz tossed a touchdown pass to Phil Colella on the ten.

The Irish went ahead in the second quarter, driving to the Tech 19 where Elmer Angsman crashed through the line for the score. Another tally came moments later when Joe Gasparella unreeled a 49-yard aerial to Bill Zehler.

In the third stanza the Ramblers drove to the three and Angsman went over. The final two scores were rung up in the last quarter by Johnny Agnone on a 28-yard sprint and Emil Slovak on a four-yard drive.

### Touchdown Via the Aerial Route

Marvin Hein (48), Washington left end, grabs a pass deep in the end zone for a touchdown after Oregon halfback Walter Donovan (20) and his teammate in their attempt to knock the ball down. The Huskies went on to a 20-6 victory.

### Sub's Last-Second Conversion Gives Oise Eleven 7-6 Victory

BRUSSELS, Oct. 7.—Substitute Leo Seal calmly placekicked the Oise Red Devils to a 7-6 victory over Chanor base in a bitterly-fought Theater Service Forces Football League game here yesterday. Seal's boot came after a 37-yard touchdown pass thrown in desperation in the waning moments of the game by fullback John Caputo to end Clarence Hurt.

Held to short gains throughout the afternoon by the heavier Chanor line, the Red Devils took to the air with only three minutes left and connected with three heaves good for 49 yards and their victory.

Chanor scored early in the game after taking a punt which went out of bounds on the Oise 28. Four plays later halfback Ben Bulvin crashed through tackle to tally.

### Muzz Patrick Freed, Will Rejoin Rangers

NEW YORK, Oct. 7.—Muzz Patrick, captain and defenseman of the New York Rangers of the National Hockey League, received his Army discharge yesterday and immediately left for the Rangers' training camp at Winnipeg, Canada.

Son of Lester Patrick, coach of the Rangers, Muzz enlisted in 1941.

### OSU Opens Title Defense With 42-0 Win Over Iowa

COLUMBUS, O., Oct. 7.—Ohio State's Buckeyes got off on the right leg in their bid to retain the Western Conference grid championship by downing air-minded Iowa, 42-0, yesterday before 50,000 fans.

The Bucks started slowly, scoring only once in the first half, but they shook loose a five-touchdown barrage in the closing periods to hurdle their first Big Ten test.

The Bucks' wholesale point collection was shared equally by seven players. Each of the six touchdowns was scored by a different back and sub tackle Max Schnittker converted six times.

Despite the Bucks' decisive margin they didn't make a statistical runaway of the contest. Iowa managed to rack up ten first downs to Ohio State's 13. Five of the Hawkeyes' first downs came on passes while the defending champs got four in this manner.

Iowa tried 27 passes and completed 12, while Ohio State threw 17 and completed six. Six Hawkeye tosses were intercepted by the Bucks, one resulting in an immediate touchdown and three more setting up scores.

### Penn Defeats Dartmouth, 12-0, After Pair of Goal-Line Stands

PHILADELPHIA, Oct. 7.—A gritty Penn eleven demonstrated great defensive ability in the shadows of its own goal line and toppled stubborn Dartmouth, 12-0, yesterday before 45,000 rain-troving fans at Franklin Field.

Penn scored its opening touchdown with 15 seconds of the first half remaining after having stopped Dartmouth one foot from the goal. Penn stopped another threat on the eight before adding its second tally.

A 34-yard pass play, featuring Halfback Bob Evans and End Frank Jenkins, produced the first Quaker tally. The 19-year-old Jenkins plucked the ball out of the air on the two and fell over the goal line. In the final period Penn, stopped on the eight after a 77-yard drive paced by Halfback Bob Deuber, countered when quarterback Carmen Falcome intercepted Bob Albrecht's heave and went 16 yards to register.

The Dartmouth drive which faltered one foot from pay dirt in the second period covered more than 70 yards and was led by Halfback Frank O'Brien.

### Kusserow Scores 4 Times As Columbia Laces Syracuse

NEW YORK, Oct. 7.—Columbia's frosh fullback Lou Kusserow, swift and surefooted on rain-drenched Baker Field, ran Syracuse into the mud, 32-0, yesterday, the most lopsided score in the 21 football meetings of a rivalry which dates back to 1901.

Four touchdowns came on quick-breaking long runs, with Kusserow counting on rambles of 51, 46, 37 and 50 yards. Stocky Gene Rosides' pass to End Leslie Thompson gained 45 yards and fifth touchdown in the third quarter.

Coach Lou Little mercifully reached deep into his reserves at this point. The untrained Lions provided a sole threat when they reached the Syracuse ten, only to fumble.

### AL All-Stars Win 2d Game

PEARL HARBOR, Oct. 7.—The American League all-stars stayed in the running for the Navy "World Series" yesterday when they defeated the National League aces for the second straight time, 4-1.

Luman Harris, former Athletics' righthander, hurled three-hit ball to check the National League, which won the first three games of the series.

### Third Regt. Beats 82nd AB To Keep Its Slate Clean

BERLIN, Oct. 7.—The Third Inf. Regt. continued its march toward the Seventh Army football championship here yesterday when it turned back the 82nd Airborne Div., 21-6.

Phil Cutchin, former Kentucky University halfback, led the dough-foot attack with two touchdowns and as many conversions. Anderson netted the other Third Regt. score. Jimmy Ostendarp became the first player to cross the Third's goal line this season when he raced 25 yards for the Paratroopers in the final quarter.

### 101st Airborne Defeats 89th Inf. Div., 7 to 0

ROUEN, Oct. 7.—One big drive in the opening quarter gave the 101st Airborne Div. a 7-0 victory over the 89th Inf. Div. in a XVI Corps League game yesterday at Camp Twenty Grand.

The Paratroopers started their drive on their own 47-yard line. Walt Harris passed to Harry Mier, former Chicago Bear, for 28 yards and a few plays later repeated for six yards to put the ball on the Rolling W's six. Three line plunges took care of the scoring, with Ed Nemeth going over.

The 89th made two strong bids in the second half behind halfback Bob Glynn, but each time alert pass defense stopped the threat. The Airborne made eight first downs to the 89th's five.

### Tony Jones Wins on TKO

NEW ORLEANS, Oct. 7.—Sgt. Tony Jones of Chicago scored an eight-round technical kayo over Davey Clark of Cincinnati in the scheduled top ten here last night.

### Troop Carrier 11 Wins

The Ninth Troop Carrier Command defeated the ATC Skymaster eleven, 7-0, at Buffalo Stadium yesterday.

# Jobs, Homes Pose Problems For Parliament

LONDON, Oct. 7 (AP).—Britain's untried labor parliament faces one of the greatest tasks in the island's history when it reconvenes Tuesday—the problem of converting from war to peace-time economy and providing 4,000,000 homes for an expectant public.

Nationalization will be the keynote and by the success or failure of this policy the new government will be judged.

The coal mines apparently will be the first objective. Government officials hope nationalization will get recalcitrant miners back into the pits and cut the coal shortage which threatens to become more severe this winter than in six years of war.

### Bank Bill on Agenda

Also prominent on the agenda is the bill for public ownership of the Bank of England. The bill may be offered at the same time the interim budget is introduced, Oct. 23. The budget is expected to bring some relief to industry and small taxpayers, with a lowering of the income tax.

The most urgent problem, however, is housing for the millions of bombed-out Britons. Critics of the labor government, including the opposition led by Winston Churchill, have declared the intent of giving the new parliament a fair chance, but they expect results, particularly in the solution of the housing problem.

### Demobilization Criticized

Construction, however, is likely to be delayed by the labor shortage, which in turn is conditioned by the government's demobilization plans which are slow and much criticized. This calls for a demand from all quarters for a speedup in the processing—another prime problem.

Increase in the country's food supply to compensate for the end of Lend-Lease, social legislation, education, readjustment of local government areas and a national water supply are other important subjects on the agenda.

# Rap Conduct Of Laval Trial

(Continued from Page 1) trial becomes a matter of legal routine, and at least, ermine-robed Judge Mongibeaux will probably have achieved his aim of ending the trial before Oct. 21, the day of the French elections.

Saturday's session was delayed an hour because one juror, Albert Sion, was away campaigning, and a substitute had to be found. Yesterday, another juror, Georges Levy-Alphandary, announced he was "tired" and would not attend future sessions, and the French press has indicated that, with one remaining substitute juror available, several more jurors have indicated their desire to withdraw.

Whatever verdict may be rendered in the "Affaire Laval"—and the outspoken remarks of jurors Saturday, coupled with their political composition, left little doubt as to what that verdict would be—observers agree that the wily, eloquent Laval has improved his own position immeasurably by his deft handling of his own defense.

At Saturday's session, for example, before he withdrew, he responded to prosecutor Mornet's sharp accusation that he signed the acts of the Vichy government, with the whiplash reply that Mornet had then applied them. (Both Mornet and Mongibeaux held office under Vichy).

Impromptu remarks like this, plus long, clever monologues in his own defense have led observers to agree that whatever the sins of his past and his political record of willing collaboration, he has remained constantly master of his own trial, has handled it with consummate skill, and has—at least thus far—made a more convincing case in the hearings than has the prosecution.

## Palestine

(Continued from Page 1)

Army statement, the guards had intercepted a party of 70 "illegal immigrants," and that colonists attacked the guards with sticks. The altercation took place near Kefar Giladi colony.

The patrol attempted to halt the immigrants but they succeeded in reaching the colony without incident, the statement said and a cordon was placed around the colony. Later, the cordon was attacked by colonists who attempted to disarm the guards with sticks. The guards opened fire, wounding seven Jews, one seriously.

## The Peace-Time Army Gets Five More Career Men

Being sworn in at West Point, N.Y., for re-enlistment in the Regular Army are (left to right): Pvt. J. Pepe, Linden, N.J.; Sgt. H. P. Murphy, Elizabeth, N.J.; Sgt. R. A. Bradshaw, Bonxville, N.Y.; Cpl. J. Evons, Trenton, N.J., and T/4 S. Gurtler, Newark, N.J.

# Tigers Win, 8-4, to Take Series Lead

(Continued from Page 1)

in the seventh stanza and the Bruins came back with two on their behalf to make the score read, 6-3. But the Bruins couldn't keep the AL champs down and they banged across two more in the final frame. A Cub ninth-inning rally was quelled when Newhouse forced Mickey Livingston to fly out and Bill Schuster to foul to Catcher Richards after Grimm's charges had capitalized on Phil Cavarretta's double for a run.

### FIRST INNING

TIGERS—Webb grounded out, Hack to Cavarretta. Mayo singled to left field. Cramer grounded out, Borowy to Cavarretta, Mayo advancing to second. Greenberg grounded to Hack and was safe at first on Hack's error, Mayo going to third. Cullenbine was called out on strikes. NO RUNS, ONE HIT, ONE ERROR.

### SECOND INNING

TIGERS—York struck out. Outlaw flied out to Nicholson. Richards flied out to Lowrey. NO RUNS, NO HITS, NO ERRORS.

### THIRD INNING

TIGERS—Newhouse fanned. Webb walked. Mayo singled to right, sending Webb to third. Cramer lined to Pafko, Webb scoring. Mayo holding first. Pafko made a sensational one-handed catch of Greenberg's deep drive to center field. ONE RUN, ONE HIT, NO ERRORS.

### FOURTH INNING

TIGERS—Cullenbine popped to Johnson. York flied out to Pafko. Outlaw struck out. NO RUNS, NO HITS, NO ERRORS.

### FIFTH INNING

TIGERS—Richards singled to center. Newhouse hit into a double play, Johnson to Merullo to Cavarretta. Webb singled to center. Mayo grounded out. Johnson to Cavarretta. NO RUNS, TWO HITS, NO ERRORS.

### SIXTH INNING

TIGERS—Cramer singled to center and went to second on Pafko's error. Greenberg doubled to left, scoring Cramer. Cullenbine beat out an infield hit, Greenberg going to third. York singled to center, scoring Greenberg. Cullenbine stopping at second. Vandenberg replacing Borowy for Chicago. Outlaw sacrificed. Vandenberg to Cavarretta, Cullenbine and York advancing. Richards was walked intentionally, loading the base. Newhouse walked, forcing Cullenbine home. Webb forced Newhouse at second, Merullo to Johnson, York scoring and Richards going to third. Chipman replaced Vandenberg. Mayo walked, loading the bases. Cramer grounded out, Johnson to Cavarretta. FOUR RUNS, FOUR HITS, ONE ERROR.

### SEVENTH INNING

TIGERS—Derringer relieved Chipman for Chicago. Greenberg doubled. Cullenbine was safe on a fielder's choice as Livingston threw his bunt to third in an unsuccessful attempt to get Greenberg. York flied to Pafko. Outlaw lined to Pafko, Greenberg scoring after the catch and Cullenbine holding first. Richards grounded out, Hack to Cavarretta. ONE RUN, ONE HIT, NO ERRORS.

### EIGHTH INNING

TIGERS—Schuster replaced Merullo as Chicago shortstop. Newhouse fouled out to Hack. Webb lined out to Schuster. Mayo grounded out, Schuster to Cavarretta. NO RUNS, TWO HITS, NO ERRORS.

### NINTH INNING

TIGERS—Erickson was the new Cub pitcher. Cramer was hit on the foot by a pitched ball and went to first. Greenberg doubled for the third straight time, Cramer taking third. Cullenbine doubled, scoring both Cramer and Greenberg. York lined to Hack. Outlaw grounded out, Schuster to Cavarretta. Cullenbine holding second. Richards grounded out, Erickson to Cavarretta. TWO RUNS, TWO HITS, NO ERRORS.

York. Cavarretta struck out. NO RUNS, NO HITS, NO ERRORS.

### FIFTH INNING

TIGERS—Richards singled to center. Newhouse hit into a double play, Johnson to Merullo to Cavarretta. Webb singled to center. Mayo grounded out. Johnson to Cavarretta. NO RUNS, TWO HITS, NO ERRORS.

CUBS—Pafko fanned. Nicholson grounded out, Outlaw to York. Livingston grounded out, Webb to York. NO HITS, NO RUNS, NO ERRORS.

### SIXTH INNING

TIGERS—Cramer singled to center and went to second on Pafko's error. Greenberg doubled to left, scoring Cramer. Cullenbine beat out an infield hit, Greenberg going to third. York singled to center, scoring Greenberg. Cullenbine stopping at second. Vandenberg replacing Borowy for Chicago. Outlaw sacrificed. Vandenberg to Cavarretta, Cullenbine and York advancing. Richards was walked intentionally, loading the base. Newhouse walked, forcing Cullenbine home. Webb forced Newhouse at second, Merullo to Johnson, York scoring and Richards going to third. Chipman replaced Vandenberg. Mayo walked, loading the bases. Cramer grounded out, Johnson to Cavarretta. FOUR RUNS, FOUR HITS, ONE ERROR.

CUBS—Merullo grounded out, Webb to York. Sauer batted for Chipman and struck out. Hack grounded out, Outlaw to York. NO RUNS, NO HITS, NO ERRORS.

### SEVENTH INNING

TIGERS—Derringer relieved Chipman for Chicago. Greenberg doubled. Cullenbine was safe on a fielder's choice as Livingston threw his bunt to third in an unsuccessful attempt to get Greenberg. York flied to Pafko. Outlaw lined to Pafko, Greenberg scoring after the catch and Cullenbine holding first. Richards grounded out, Hack to Cavarretta. ONE RUN, ONE HIT, NO ERRORS.

CUBS—Johnson struck out. Lowrey singled over shortstop. Cavarretta walked. Pafko was safe on first on a fielder's choice as Newhouse threw to Mayo, forcing Cavarretta. Lowrey went to third. Nicholson grounded to Outlaw, whose throw to second to get Pafko was late. Both runners were safe and Lowrey scored. Livingston

doubled, scoring Pafko and putting Nicholson third. Williams batted for Merullo and struck out. TWO RUNS, TWO HITS, NO ERRORS.

### EIGHTH INNING

TIGERS—Schuster replaced Merullo as Chicago shortstop. Newhouse fouled out to Hack. Webb lined out to Schuster. Mayo grounded out, Schuster to Cavarretta. NO RUNS, TWO HITS, NO ERRORS.

CUBS—Secory batted for Derringer and singled over second base. Hack was safe on a fielder's choice as Secory was forced at second; Newhouse to Webb. Johnson sacrificed. Outlaw to York. Hack going to second. Lowrey popped out to Richards. NO RUNS, ONE HIT, NO ERRORS.

### NINTH INNING

TIGERS—Erickson was the new Cub pitcher. Cramer was hit on the foot by a pitched ball and went to first. Greenberg doubled for the third straight time, Cramer taking third. Cullenbine doubled, scoring both Cramer and Greenberg. York lined to Hack. Outlaw grounded out, Schuster to Cavarretta. Cullenbine holding second. Richards grounded out, Erickson to Cavarretta. TWO RUNS, TWO HITS, NO ERRORS.

CUBS—Cavarretta doubled. Pafko struck out. Nicholson singled, scoring Cavarretta. Livingston flied to Cullenbine. Schuster fouled out to Richards. ONE RUN, TWO HITS, NO ERRORS.

## Innocent Man Jailed 3 Yrs. to Ask \$100,000

MINEOLA, L.I., Oct. 7 (ANS).—Bertram M. Campbell, 59, who served three years in prison for another man's crime, will ask \$100,000 compensation from the State, his attorney said yesterday.

Gov. Thomas E. Dewey, who gave Campbell a full pardon, said that he would recommend "liberal compensation" for the man who served a term for forgery which he did not commit.

## Rhode Island Governor Sworn

PROVIDENCE, R.I., Oct. 7 (ANS).—Lt. Gov. John R. Pastore was sworn into office as governor of Rhode Island yesterday shortly after Jay Howard MacGrath resigned to become U.S. Solicitor General.

# Russia Given First Election In 8 Years

MOSCOW, Oct. 7 (AP).—The Soviet Union will hold its first general election in eight years Nov. 12. All members of the two Houses of the Supreme Soviet, including Premier Stalin, must stand for reelection if they wish to remain in office another four years.

Ordered by the Presidium of the Supreme Soviet, the election, postponed by the war, will be the first since Dec. 12, 1937. Voting is by secret ballot.

The USSR is governed by two Houses—the council of the Union, headed by Andrei Andreyevich Andreyev, also chairman of the control committee of the Communist party; and the Council of Nationalities, led by Nikolai Mihalovich Schvernik, also vice-chairman of the Supreme Soviet.

The union council consists of 461 party members and 108 non-party members, while the Council of Nationalities numbers 400 Communists and 165 non-party members.

Union council members are elected on the basis of one for every 300,000 population. The other council, similar to the U.S. Senate, is composed of 25 deputies from each of the republics, regardless of the population, 11 from each autonomous republic, five from each autonomous region, and five from each national area.

Every man and woman who has reached the age of 18 is entitled to vote, and to hold office.

There were 77 women in the last Union Council, and 110 in the Council of Nationalities.

# Report Battles Rage in China

CHUNGKING, Oct. 7 (UP).—Large-scale battles between Kuomintang and Chinese Communist armies have broken out in central China, the Communist newspaper New China Daily News said yesterday.

The newspaper charged that Generalissimo Chiang Kai-shek's forces had enlisted the help of armed Japanese troops to recapture some 19 cities throughout China "in over a hundred battles."

Three government armies are attacking in southern Shansi Province, and other Kuomintang forces are operating in the Kwantung Province, in the Yangtze River basin and north of the Yellow River, according to the newspaper.

Gen. Ho Ying-chin, commander in chief of the Chinese armies, was accused by the newspaper of having ordered Japanese and Jap puppet troops to recapture "territories occupied by bandits," which it said meant Communists.

## Homeward-Bound B29 Crashes in Sea, 2 Killed

SAN FRANCISCO, Oct. 7 (ANS).—A B29 from the Marianas crashed into the sea 300 miles off San Francisco today and at a late hour this afternoon the Navy announced that two persons were killed, three were missing and 15 rescued by the Coast Guard.

First word of the impending crash came this morning when a pilot radioed that he was ordering the crew and passengers to parachute. Two of the engines were out, he said.

## Attention, Ordnance Men

The following men, members of an ordnance small-arms outfit in Germany and currently on furlough in Paris, are notified that their unit has been alerted: Robin W. Conbrey, Samuel T. Conn and Harold H. Kaun, all T/3s, and Charles B. Barker and Francis N. McGinness, T/4s.
