## One for the A-Bomb — Two for the Go

Pilotless . . .

Getting its title from the bee family—pilotless and operated from a mother craft by radio—this Hellcat "Drone" takes off from an aircraft carrier in a rehearsal for the coming Bikini Atoll atom-bomb tests.

## Slaying Raid Nets 6 Germans But No Clues

The Stars and Stripes Bureau  
NURNBERG, May 13—Arrest of six German civilians and confiscation of two daggers today were the only known results of the "shakedown" in which military police scoured suburban Erlenstegen for clues in the fatal shooting of two American enlisted men.

The two victims—S/Sgt William R. Timmons, 21, of West Haven, Conn., and T/4 Paul R. Skelton, 21, of McKinney, Texas, both assigned to the fiscal section of *The Stars and Stripes*—met their death while riding in a jeep with four companions Friday night. It is believed one bullet from a carbine killed both. Skelton was immediately slain by one of three shots apparently aimed at the jeep as it was proceeding toward the home of Miss Rose Korb, American civilian employed by the office of the Chief of Counsel at the Nurnberg war-crimes trials. Timmons, a University of Texas student, staggered out of the driver's seat and fell by the roadside in a pool of blood. He died on the way to the hospital.

The scene of the shooting was two blocks from the residence of Brig. Gen. Leroy H. Watson, commanding general of the Nurnberg-Furth Enclave. Watson would not comment for publication pending result of the investigation.

The six German civilians were  
(Continued on Page 8)

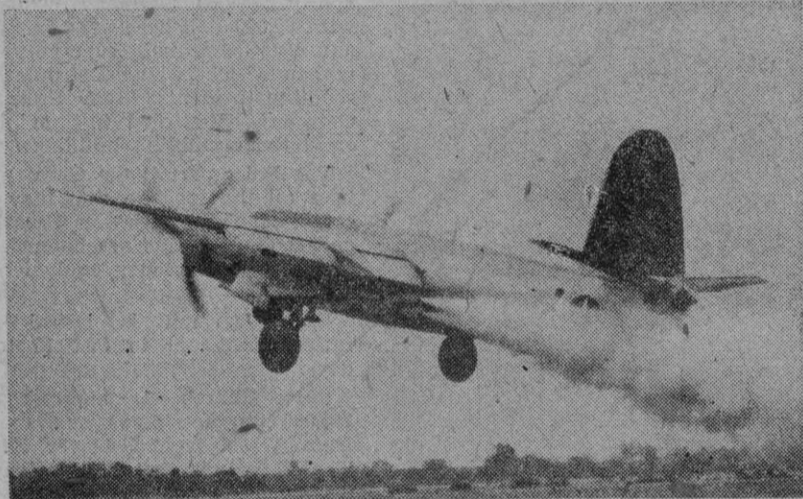

## 58 Nazis to Die For Massacres

DACHAU, May 13 (AP)—Fifty-eight operators of the notorious Nazi Mauthausen extermination camp were sentenced today by a General Military Court to death by hanging. Three others received life-imprisonment sentences.

The 61 defendants were sentenced after the American court had found them guilty of murdering thousands of victims of Nazi persecution imprisoned in the concentration camp. In a 45-minute parade, the court called the defendants one by one to hear their sentences. Each reading took 38 seconds, and 10 of the defendants were led away individually by two white-helmeted guards of the 60th Inf., 9th Div.

## Third Dependent Transport Docks at Bremerhaven

The Stars and Stripes Bureau  
BREMERHAVEN, May 13—The Army transport Henry Gibbons docked at Columbus Quay at noon today, bringing 258 American dependents to soldiers in the U. S. zone of occupation. This was the third shipment of American soldier families to reach Bremerhaven this spring.

. . . and Breathless.

Boosted by rocket propulsion, a Navy JM-1 medium bomber leaps into the air after a short take-off run in a demonstration at the Patuxent River test center. The demonstration was for the benefit of visiting members of the Institute of Aeronautical Sciences.

## Accord on Ruhr Is Hinted As Big 4 Resume Talks

PARIS, May 13 (AP)—A compromise on French demands for detachment of the Ruhr arsenal from Germany appeared likely today as the Council of Foreign Ministers returned from a day off to try to clean up the remaining points of disagreement on the Italian peace treaty.

A well-informed French source said the germ of a possible compromise was contained in a recent British proposal which reportedly suggested some form of federation for the Ruhr region, including part of the Rhineland.

The British and Americans have opposed France's demands for complete political separation of the Ruhr from the Reich under international political control, and proposed international economic control instead.

### Reaction to 25-Year Plan

The French source said that a federated Ruhr, similar to the set-up American occupation forces have instituted in Greater Hesse, might meet French approval as long as the federated state was not under complete control of a centralized German authority in Berlin.

In any case, this informant continued, French acceptance of the plan depends on how the details are worked out, and international economic control will be insisted upon.

Secretary of State James F. Byrnes' proposal of a 25-year mutual assistance pact to assure German disarmament was received warmly by the French, but an authorized French spokesman said flatly that it was not enough guarantee against future German aggression.

It would work, one French source said, only as long as the Big Four were in complete agreement. And, he added, France expects a resurrected Germany to use every means  
(Continued on Page 8)

## Chinese Reds Reported Continuing Rail Attacks

PEIPING, May 13 (AP)—Press dispatches today reported continuing small-scale attacks by Communists on north China railroads, citing four harassing attacks along railways running out of Tientsin.

## 100 Feared Dead in Flood

LONDON, May 13 (INS)—More than 100 persons were feared dead and at least 2,000 homeless when the Seyna River spilled over into large areas of southern Turkey, submerging 30 villages, Ankara dispatches said today.

# U. S. Faces Rationing To Fill Food Pledges

## Stop Wasting Food, Ike's Order to Army

WASHINGTON, May 13 (UP)—A stern order against waste of food in the Army was issued by Gen. Dwight D. Eisenhower, Chief of Staff, as a result of the findings of a civilian investigating committee appointed by Robert P. Patterson, Secretary of War.

Eisenhower made the order before leaving on his current tour of Pacific bases. He directed court martial proceedings against any officer who through negligence permitted spoilage or waste of Government property.

The unfavorable report of the committee concluded a two-month food survey of 42 Army posts. The group was headed by John L. Hennessey, executive vice president of the Statler Hotels Inc.

### Eisenhower's Order

Eisenhower demanded that: CHECKS by the Inspector General's office be made and that any violations of Army regulations be reported directly to him.

ALL OFFICERS read the civilian committee's blistering indictment.

Meanwhile, the Food, Tobacco, Agricultural and Allied Workers Union of America, CIO, urged removal of Herbert Hoover as honorary chairman of the Famine Emergency Relief Committee.

Donald Henderson, president of the union, sent a letter to President Truman making the following proposals:

### 4 Points Proposed

ABOLITION of the Combined Food Board and establishment of a world-wide food board with representation for the Soviet Union and other democratic and friendly countries now excluded.

ESTABLISHMENT of production and supply goals by the world food board for countries capable of producing supplies beyond their own needs.

SUPERVISION of distribution to prevent political, national or racial discrimination by the board, including distribution to colonial or dependent countries or areas.

REPRESENTATION in policy-making and supervisory positions on the board for representatives of the World Federation of Trade Unions.

## Officers With 41 Months On Way Home by June 15

FRANKFURT, May 13 (AP)—All officers seeking discharge who will have 41 to 43 months of Army service by Aug. 31 will be on their way home by June 15, USEFT headquarters announced today.

Officers with 34 to 40 months of service by Aug. 31 will depart between June 16 and July 15, while those with 24 to 33 months will start home between July 16 and Aug. 15.

## Landsberg Jews Reject U. S. Lawyer

AUGSBURG, May 13 (AP)—Twenty Jewish displaced persons, who went on trial today charged with rioting and assaulting American military police at Landsberg recently, refused an offer of a special defense counsel from the U. S.

It was learned that Rep. Adolph J. Sabath (D-Ill.) had relayed to Gen. Joseph T. McNarney the offer of David Levinson, a Chicago attorney, to come to Augsburg.

The offer was presented to the defendants, who stated that they were satisfied with their counsel, which included two U. S. Army officers and two lawyer inmates of the Landsberg DP camp.

## World Peace Is in Balance, Briton Warns

WASHINGTON, May 13 (AP)—The United States may restore food rationing in August, a high Washington official said last night soon after the arrival here of Herbert Morrison, British cabinet minister, on a special food mission to President Truman.

The official, who declined to be named, said that Chester Bowles, Economic Stabilization Director, would make such a recommendation to the President unless the world food prospects improved speedily.

(The United Press reported that Morrison said the United States and Great Britain might lose the peace because the hungry nations might turn Fascist.)

(He said, "I simply don't believe after licking Hitler and the Japs we are going to be defeated in this equally decisive campaign which will determine the fate of the free world, at least for a generation.")

### Bread May Be Rationed

The official said Bowles believed that unless America was able to meet her famine relief commitments quickly, it might become necessary to ration meat, butter, cheese and probably bread. Bread never has been rationed in the history of the United States.

Bowles directs such Government economic agencies as the Office of Price Administration, the Wage Stabilization Board and similar bodies. He is regarded as one of Mr. Truman's closest advisers.

Bowles' friends say he already is paving the way for restoration of rationing should it become necessary.

Government officials, until now, have generally avoided committing themselves publicly in favor of rationing. This is in line with Mr. Truman's position that it could not be put into effect in time to do any good.

The Food, Tobacco and Agricultural Workers Union, CIO, made public an open letter to the President which said, "We must immediately reinstate rationing of es-"  
(Continued on Page 8)

## Service Chiefs Meet Truman

WASHINGTON, May 13 (AP)—President Truman called top-ranking Army and Navy leaders to a conference today on unification of the armed forces.

Announcing the meeting, Charles G. Ross, White House press secretary, described it as one "to promote unification and not to sabotage it."

Those summoned included Robert P. Patterson, Secretary of War; James V. Forrestal, Secretary of the Navy, Adm. Chester W. Nimitz and Gen. Carl Spaatz.

## Last Fugitive Apes Elude Police In Race Across New York Roofs

NEW YORK, May 13 (AP)—Three playful monkeys led police a merry chase today, and in the end the officers gave up and the monkeys continued to play.

The three were among a 100 which escaped Saturday from the pet shop of Henry Treffich in lower Manhattan they had a field day climbing over rooftops, romping through a fire station and bar and grill and

disrupting a church's choir practice. Treffich said he believed all but three monkeys had been recaptured, and police thought the case about cleaned up when they spotted the three on a roof.

But the monkeys had other ideas and leaped from roof to roof just ahead of the officers. After two hours, with the monkeys still fresh, the police gave up.

## No Privileges To Anyone, Is Turkish Policy

By T. Norman Palmer  
Staff Writer

**A**NKARA, May 13—Turkish policy today is about as sharply defined and as obvious as a punch in the nose, to paraphrase the words of Prime Minister Shukru Saracoglu in an exclusive interview with *The Stars and Stripes*.

The prime minister, a heavy-set, jovial and extremely friendly man of the new Turkey, discussed virtually every phase of his country's relations with her neighbors and with more distant members of the family of nations, answering questions frankly and thoroughly between sips from bottomless cups of fragrant Turkish coffee.

Punctuating the two-hours interview with quick puns, sly humor and many hearty laughs, he answered without hesitation delicate questions which may affect his country's peace and security in coming months. But first he summed up his country's general policy in these words: "Our policy today is not to give an inch of territory to friend or foe."

### Doesn't Quibble

On the specific question of Russian policy in the Mediterranean, the Turkish leader admitted it depended entirely on the Soviet getting bases in that area. "But not from Turkey under any circumstances."

As for Russian pressure on Turkey to gain such bases, he "does not expect any severe or heavy pressure from Russia or any other power, because it is a well known fact that, while we are a fun-loving people, that is the kind of practical joke we do not enjoy."

On the subject of Turkish sovereignty in the Dardanelles, the prime minister did not quibble.

"Under international treaty," he said, "Turkey is obligated to permit free passage of all vessels, both commercial and naval, of all nations. Turkey is willing to discuss a revision of this treaty at any new international council, but as for granting special privileges to any one nation, we must refuse no one can deny the straits are on Turkish soil and Turkey alone must maintain full control."

### Discusses Kurds

Turning to the three eastern provinces and Turkey's portion of the so-called Kurdish problem confronting both Iran and Iraq, the prime minister would not deny that such a problem existed for the two neighboring countries but was emphatic in declaring Turkey had no similar situation.

Likening Turks to Americans he said, "We may have our differences but in time of national crisis we forget them, unite and fight together as Turks against the common foe."

The United Nations' role in maintaining world peace he placed secondary to that of the U. S. "It is for the U. S. to go farther than any other country in affirming and reaffirming its determination to support the UN charter with every means at its command," he declared. "So long as such an attitude is maintained there can be no fear of aggression from any source for any country in the world."

## VA Hospital-Schools

**NEW YORK, May 13 (AP)**—Maj. Gen. Paul R. Hawley, chief of Veterans Administration medical services, said that 50 of 97 VA hospitals would be operated in conjunction with schools of medicine. He said the plan would result in a potential saving of \$1,500,000,000 in hospital construction costs and up to \$250,000,000 in annual operating costs.

## British Movie Industry in Furore Over Cost Of Producing Shaw's 'Caesar and Cleopatra'

GEORGE BERNARD SHAW, shown in what he calls his "Tolstoy outfit," finds his works once again a subject of heated debate.

**L**ONDON, May 13 (INS)—There is a terrific fight going on in movie circles as to whether George Bernard Shaw's pet picture producer Gabriel Pascal, creator of the mammoth British film, "Caesar and Cleopatra," should be permitted to produce another epic in this country.

The movie technicians have passed a resolution "censuring" him for his wastefulness in his production of Bernard Shaw's lesser successful plays and at the same time insisting that his future ventures should be under the closest supervision.

As Pascal was given an option by Shaw to produce all Shaw's plays that Shaw himself considered "filmable," the future of GBS's masterpieces including "St. Joan" in celluloid becomes a mystery.

### 'Ridiculous'

This justified an intrusion into Bernard Shaw's self-imposed isolation at Ayot St. Lawrence. The master when told of the technicians' resolution burst forth with a "ridiculous."

"If only they saw the money that was coming in," he said, "the technicians would soon change their minds. I'm sure the picture only cost about \$3,000,000, and I'm sure 'St. Joan' won't take nearly as long."

That was all he would say, but the union men claim that in filming Bernard Shaw's lesser successful play, "Caesar and Cleopatra," he spent far too much money, \$6,500,000 to be exact, and took too long a time, two years and three months against a year's schedule.

The actors do not join with the technicians in this protest. Gabriel Pascal, British naturalized subject, ex-Hungarian, gave generously when the pay packets were handed round to the performers and West End British stars did crowd work at \$300 a day.

### 'Drop in Bucket'

Day after day they lounged around the lot doing nothing. Harry Maltby, leading "heavy" and a successful dramatist, appears only once in the picture in a crowd, and he pulled down 20 days star salary for this one flash in the film.

Another leading comedian in the West End, Ronald Shiner, makes a two-second appearance as a carpet seller, that meant about 20 days salary on a star's pay basis.

The question of actors' salaries, however, was passed over by the technicians on the grounds that it was no concern of theirs and represented a mere drop in the bucket compared with the other fantastic outgoings.

In regard to the material expended, one of the technicians, Philip C. Samuel, stated that Pascal despite the shortage of all essential stuff used five times more than was necessary, and other picture outfits suffered accordingly.

One cameraman, however, was in dissent. He said that the film had created more stir and fuss in the U. S. than any other British picture and that after all "it might yet prove to be an asset" to the British film industry as a whole.

Pascal's only retort so far is to say that he was encouraged to spend money and he did and he considers he got a good return for the outlay.

## Hiroshima Regains

**TOKYO, May 13 (AP)**—Hiroshima, which decreased in population from 400,000 to 83,000 when the atomic bomb was dropped last summer, is now back to 169,000.

## Poland Sends Germans Back In Mass Lots

**W**ROCLAW, Poland May 13 (AP)—Germans who defended this shell-blasted former Nazi stronghold, once known as Breslau, are being transferred to the interior of Germany as fast as the Polish government can secure transportation.

They are travelling in comparative comfort, in marked contrast to the wartime forced marches of the Poles when they were under the Nazi whip.

The mass movement of Germans from the Wroclaw area is duplicated at various points to the north, and particularly around Szczecin (Stettin), where every vessel unloading Polish repatriates from Western Europe is reloaded with Germans.

### Trouble Source

The presence in Wroclaw of nearly 200,000 Germans, compared with 60,000 Polish settlers, has been a source of trouble ever since the war ended. There have been numerous shooting incidents. Many Poles and Germans have died in gun duels amid the crumbling buildings.

The Poles permit the Germans to take all the luggage that they can carry, including jewels, clothing and food. Weapons are banned, but they can take money equivalent to 500 German marks.

Each German is issued food rations sufficient to last 10 to 12 days.

Since March 1, approximately 120,000 Germans have been evacuated from Wroclaw and Lower Silesia. The figure is expected to reach 210,000 by the end of August.

The goal of the Polish government is the repatriation of 4,000,000 Poles from Western and Eastern Europe by the end of August.

## Japan's Death Ray Cited in Warning

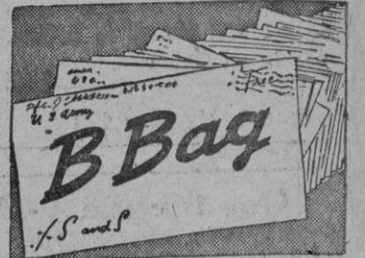

**NEW YORK, May 13 (AP)**—Japanese efforts to develop a death ray based on the principles of radar should remain a constant warning to peace-loving nations, an American scientist declared.

Roger Wilkinson, who directed a survey of Japanese radar development, said in an interview that when the war ended the Japanese were ready to try a death ray machine capable of focusing a lethal beam over a one-mile range.

Experimental tests showed that the ray had been able to kill a rabbit within about 30 minutes at a distance of 100 feet.

The ultra-high frequency radio signals caused blood cells in the victim's lungs to break down so that hemorrhages resulted.

Wilkinson said the Japanese apparently hoped to make the invisible beam wide enough for blanketing of large groups of men.

Address all letters to: B Bag Editor, The Stars and Stripes, APO 757, U. S. Army. Include name and address. (Names are deleted on request.) Due to space limitations, letters may be cut for publication, provided such editing does not alter the meaning of the original.

## Gripe Is Answered

In our company of about 100 men we have approximately 250 civilians, of which about 40 are women. The women eat three meals a day, and use our precious sugar, butter, and meat, which we sometimes run short of. Isn't there a directive which states that German civilians employed by the Army receive one meal a day?

Tonight we had two American civilians, one captain, and three frauleins for supper. I know this is against regulations. I mean the frauleins eating with their boy friends. It was only a year ago that we were shooting these people.

—T/5, 2nd MG Bn.

Editor's note: The contents of this letter were sent to the unit CO, who replied: "At no time have troops of this unit been deprived of butter, sugar or meat, to feed other than unit personnel. German civilian personnel receive one hot meal per day, consisting of the authorized QM ration."

"The only possible justification for this complaint is that female civilian personnel employed in the unit's mess were allowed to consume the leftovers unsuitable for keeping. This was only after all personnel of this unit had been fed. This was adopted in order to cut down food waste, and has now been discontinued."

In answer to the complaint of unauthorized personnel eating, the CO continues: "Personnel referred to were transients. Their vehicle required emergency repairs. Inasmuch as the frauleins mentioned were presumed to be interpreters employed by USFET, and required through no fault of their own to miss the evening meal, it is not believed that this complaint is justified. In regard to the captain and the two American civilians, it has never been the policy of this unit to refuse hospitality to Americans under any circumstances."

"A meeting of the unit was held, and personnel were asked to comment openly and freely and to state opinions on the complaint. The consensus felt that: (a) complaint was unjustified; (b) several men advanced the theory that some 'character' was attempting to get even with one of the female civilian personnel employed in the mess. Could be."

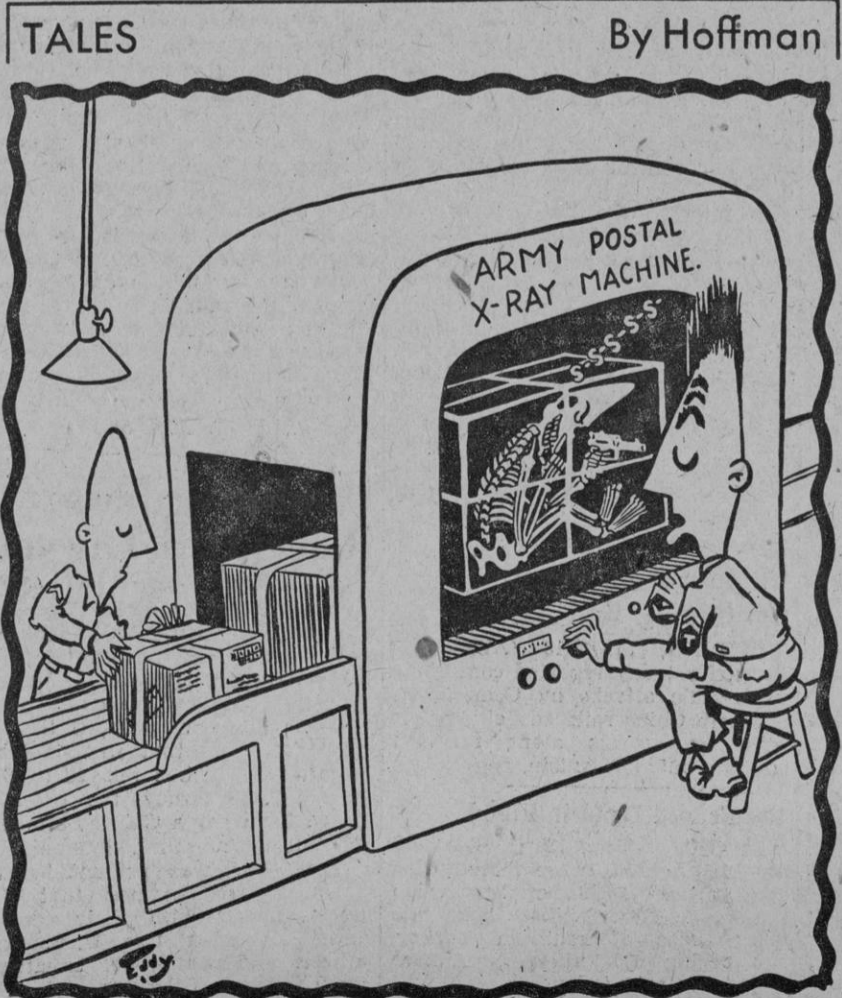

"It is a policy of this officer to give the EM and officers of the unit ample opportunity to air grievances and 'gripes,' and offer suggestions for the betterment of the unit. Since no soldier of this command has made any complaints regarding the allegations in the letter, it is felt that the complaint has been made in a very unsoldierly manner."

The undersigned personnel believe the statements of the writer in the letter to B Bag to be false, misleading, and unfair to the good name of this organization.

We have always had "a full and plenty" to eat, including butter and sugar, when such items were available for issue at the QM dump. The amount of "baked goods" served in our mess is surprising. Perhaps the writer is not aware that butter and sugar are essential items in the baking of pie and cake.

A copy of the letter and the indorsement by the commanding officer has been read to the company personnel and posted on the bulletin board. We are fully in accord with this indorsement. Our names are signed voluntarily, at our own initiative.

—97 Signatures (including the original writer, Ed.)

Vets to Get Priority in Trailer Village

Sylvia Morrison is shown placing a building in the 12-by 16-foot model of a projected trailer village to be erected near Arcadia, Calif. The 55-acre, \$300,000 project, in which veterans will be given priority,

will have its own stores and recreational facilities. The community, which has the backing of the non-profit California Trailer Coach Association, will contain 1,000 units with trailer parking lots.

Marshall Holds Power to Veto Chinese Loan

WASHINGTON, May 13 (AP)—Gen. George C. Marshall, President Truman's special envoy to China, is holding an absolute veto over the proposed \$500,000,000 loan to China, it was learned.

It is one of the largest grants of power ever made by an American President to an envoy to back up American policies in a foreign country.

The Chinese loan is cited by diplomatic authorities as a striking example of the extent to which the President and James F. Byrnes, Secretary of State, are bargaining for American aims with dollars.

Poland Credits Suspended

The State Department also has suspended credits to Poland until it can determine whether the Polish governments intends to grant its promised political freedoms. Some decision in the Polish situation may come this week.

On another financial front, Fred M. Vinson, Secretary of the Treasury; Leon Blum, special French representative, and Export-Import Bank officials may make financial decisions this week necessary to release about \$650,000,000 to France and war goods and other credits to give France a total of substantially more than \$1,200,000,000.

Timed for Elections

While officials are wary on the subject, every indication is that the timing of the loan announcement will be made with an eye to the maximum effect on the French elections in June.

Privately, American officials make no denial they would like to strengthen Foreign Minister Georges Bidault's Popular Republican Movement (MRP) and Blum's Socialist Party against the Communists.

In the case of China, the loan is being used directly for political effect. When Marshall was sent to China, Mr. Truman announced that the United States would regard financial aid to China favorably to the extent that China put her house in order.

Marshall in Full Control

Marshall is said to regard his problem as being to bring the central government and Chinese Communists together. Thus the loan of \$500,000,000, which was being negotiated previously with Generalissimo Chiang Kai-shek, and which Chiang was well on the way to getting, was held up, and Marshall was assured of his full control over that as well as over all other aspects of American relations with China.

Most diplomatic observers in Shanghai interpret Marshall's authority to veto the loan to China as a weapon useful only against Chiang's central government.

Chinese Communists, they recall, have opposed the loan, holding that United States financial assistance, granted to Nanking authorities, would "perpetuate Fascist rule in China."

Black-Market List Given to Senators

WASHINGTON, May 13 (AP)—George Moncharsh, Office of Price Administration deputy administrator in charge of enforcement, listed for a Senate committee what he described as the worst black market centers in the country:

TEXTILES—New York, Philadelphia, Boston and to a lessening degree other cities "as you go west toward Chicago."

LIVE CATTLE—the central part of the country from north to south.

MEAT—New York and other high-consuming areas.

USED CARS—All over.

6 in Family Die In Auto Crash; Mother Lives

TUNICA, Miss., May 13 (AP)—Six members of a Memphis family were killed in an auto collision here yesterday.

The dead were James Adkins, 52, his son Will, 10; his daughter Melba, 12; his son-in-law and daughter, Mr. and Mrs. Robert Shearer, and their daughter Patricia, 5 months.

All were on their way home from a weekend spent with relatives in Clarksdale, Miss. The accident occurred while they were returning to Tunica to look for a pocketbook containing \$300 which they had lost en route, police reported.

Mrs. Adkins, the other occupant of the car, was in a "fair" condition at a Memphis hospital.

The occupants of the other car, Mr. and Mrs. Elschue Denton, of Tunica, also were taken to a Memphis hospital.

THREE WOMEN KILLED IN TRAIN-AUTO COLLISION

GENEVA, Ill., May 13 (AP)—Three women were killed in a train-auto collision here. They were Mrs. Harriet Fowler, 53; Mrs. Belle Cumming, 60, of Riverbank Villa, near Geneva, and Miss Elizabeth Gros, 23, of New York.

Their car collided with a Chicago-Los Angeles train.

Jap Artists Protest Limit on Spending

TOKYO, May 13 (AP)—Fifty painters and sculptors complained to the ministry of finance that nobody could buy their works because government regulations limited spending to 500 yen (\$33) a month a person.

Vice-Minister Tanemi Yamada suggested that they "produce something for 500-yen-a-month people." "You are insulting the fine arts," an artist snapped.

The artists went away unappeased when Yamada proposed they concentrate on work for tearooms and restaurants which could pay them in food.

Stanfill Passes Up Race To Fill Chandler's Term

COVINGTON, Ky., May 13 (AP)—Sen. W. A. Stanfill (D.-Ky.), who was selected to fill the vacancy caused by the resignation of A. B. Chandler as senator to become baseball commissioner, announced he would not be a candidate to fill the unexpired two years of Chandler's term in the August primary.

Belgian Elected Monetary Head

WASHINGTON, May 13 (AP)—Camille Gutt, of Belgium, was unanimously elected managing director of the International Monetary Fund Committee by a 12-power executive directorate.

Billy Rose-College Debate Will Use Girls, Not Words

CAMBRIDGE, Mass., May 13 (UP)—Harvard's students are determined to have a show down with Billy Rose, New York showman who charged, "there are no beautiful college girls."

Six college girls have been selected by the Lampoon, the college humor magazine, to compete in a showgirl-college beauty championship next week. Rose has made six selections to oppose the collegians.

The six college girls who will compete are Carla Halley, of Boston, Erskine College; Rosemary Drennan, of Longville, Texas, College of Arts and Industries; Ruth Thomas, of Boston, Bishop Lee School; Janis Rowling, of South Carolina, Wellesley; June Miller, of Providence, R. I., Pembroke, and Marjorie Conlin, of Berkeley, Calif., the University of Southern California.

Undergraduates, who whistled and applauded as the bathing-suit-clad girls paraded across the stage, selected the six girls from a group of 25.

One spectator said: "We will teach Billy Rose to slur American womanhood."

(The International News Service said Rose had incurred collegiate ire when he declined to accept a job to select a Mississippi State campus queen. He inferred that going to college would be a waste of talent for a beautiful girl.)

Check Your Friends For Slaying Clues, Police in Texas Ask

TEXARKANA, Texas, May 13 (AP)—Murder-haunted residents in the Texarkana area were asked to play detective yesterday in an effort to track down the slayer of five persons in the last seven weeks.

Sheriff W. H. Presley and Chief of Police Jack Runnels asked "every man and woman in these two counties to recall whether or not any person close to them was missing or out of pocket" on the nights when the killer stalked his victims.

The joint statement by the officers went on to say:

"Persons who have such information and have been withholding it when they know they should report it are leaving themselves open to possible charges of complicity in the event the slayer is captured.

"Make no mistake about the fact that the slayer will be captured or killed. This maniac must be captured."

Lancaster Supermarket Burns

LANCASTER, Pa., May 13 (AP)—Lancaster's third general-alarm fire in four months destroyed the Acme Supermarket. Damage was estimated at \$150,000, including \$100,000 in foodstuffs.

Texan Has Real Beef, Can't Purchase Steak

HEREFORD, Texas, May 13 (INS)—L. B. Godwin, Texas cattleman, sold more than 1,000,000 pounds of beef cattle for the New York market.

Tired and hungry, he stopped on his way home to buy a steak for dinner. There was not a steak to be had in Hereford.

37 Tarzan Fans Hurt as Steps Fall

GALVESTON, Texas, May 13 (AP)—At least 37 persons were injured today when the entrance steps to a pier collapsed and hurtled them down a drop of 17 feet to the rocky beach. There were no fatalities.

The steps, leading from Seawall Boulevard to the pier, were crowded with holiday fans eager to catch a glimpse of Johnny Weismuller, who was making his way through the throng to ascend the platform.

The accident occurred during the holiday opening of Galveston's beach season.

Louise Albritton to Wed

NEW YORK, May 13 (AP)—Louise Albritton, 25, film actress, and Charles Collingwood, 28, radio commentator, of Washington, have obtained a license to be married.

AFL Leaders Seek 'Snipper' Of Green Talk

ASHEVILLE, N. C., May 13 (AP)—Southern leaders of the AFL set out today to destroy the one-party system in the south, but the party that interested them immediately was the party who cut William Green off the air.

The great wire-slashing mystery of the dead National Broadcasting Co. microphone into which the AFL president shouted strenuously for 15 minutes Saturday night produced some new developments.

An Asheville AFL leader, who asked to remain unidentified, offered \$100 reward for capture of the wire slasher.

Asheville police were trying to locate all electricians who had anything to do with installing the wires to discover whether they saw any suspicious characters in the basement of the city auditorium, where the slashing occurred.

No Clues Reported

Police Chief C. W. Dermid told a reporter:

"We have nothing on which to proceed. The auditorium was full of people. There were no restrictions on where they could go. That makes it virtually impossible for us to make identification of the persons responsible."

The AFL's southern labor conference, which ended yesterday, endorsed Negro voting in the south.

It also approved a policy statement saying, "Organized labor will make the right to vote effective in all southern states, and this revolution will end rule by one party in the south."

LANDON WELCOMES PROGRESSIVES TO GOP

GRAND ISLAND, Neb., May 13 (AP)—Alfred M. Landon welcomed the Progressives of Wisconsin back into the GOP fold in a speech characterizing the Republican Party as the progressive, liberal party of the nation.

GOVERNORS CONFERENCE SCHEDULED MAY 26-28

CHICAGO, May 13 (AP)—The 38th annual Governors' Conference will be held in Oklahoma City May 26-29. All state governors are expected to attend.

# Lichfield Trials Open Today at Bad Nauheim

*The Stars and Stripes Bureau*  
**BAD NAUHEIM, May 13**—Pfc William B. Norris, of Birmingham, Ala., will go on trial here tomorrow as the first of 14 soldiers accused of cruelty to prisoners at the Lichfield guardhouse in England.  
 Lt. Granville Cubage and Lt. Leonard W. Ennis, who were arraigned last week, have had their trials postponed to May 27.

Seven general prisoners, who are witnesses at the Lichfield trial in Bad Nauheim, pass an idle moment with copies of *The Stars and Stripes*, as their guard, Cpl. Robert Hayman, of the 709th MP Bn., looks on. From left to right, the witnesses are William Pond, Ed Baker, Leon Richey, Robert E. Cox, Albert E. Beach, Mike Kobinski, and Otto Holt.

Shown below, taking a break in their consultations, are Col. Edward Chayes, left, of Chicago, and one of the men he is defending in the trial. The defendant, 1/Lt. Leonard W. Ennis, of Peeksville, N. Y., is charged with mistreating and assaulting soldiers at the Army prison camp near Lichfield, England.

At right below, 1/Lt. Granville Cubage, left, of Oklahoma City, was a material witness for S/Sgt. James Jones, who was tried recently in London. He is shown with 1/Lt. Morris C. McGee, of Birmingham, who is his defense counsel.

# Arab Says Rule By Italy Means Tripoli War

**CAIRO, May 13 (AP)**—Great Britain was accused by Abdel Rahman Azzam Pasha, secretary general of the Arab League of "betrayal" and was warned that Tripolitania could not be placed under Italian trusteeship without "great bloodshed," in an interview with The Associated Press.  
 "The Arabs of Tripolitania who fought the Italians for 20 years will never accept Italian domination," said Azzam Pasha, who himself fought the Italians there. "It would mean war, requiring thousands of soldiers."

### Promise Forgotten

Britain, he declared, has forgotten her promise not to return Italian colonies to Italy.

"We Arabs regret to say," Azzam Pasha went on, "that the old policy of compromise by big nations at the expense of small nations still exists."

"Britain is compromising in order to own Cyrenaica. France is trying to create an imperialistic front to guarantee her domination in North Africa, at a time when Arabs there are demanding freedom and independence. France is also hoping to get Fazan from Tripolitania."

### League to Study Question

He went on to say that he would ask the Arab League to consider the question at an extraordinary session due to begin Saturday. The Tripolitania Arabs, he argued, should be allowed to decide their destiny by a plebiscite under the observation of the United Nations Organization and the Arab League.

### BRITISH ARMY GIRL DIES AFTER CAIRO BOMBING

**CAIRO, May 13 (AP)**—The British army announced today the death of an Auxiliary Territorial Service girl who was injured in a bomb explosion May 5 in front of Cairo's YMCA building.

Two British soldiers injured in the same explosion have been listed as "dangerously ill."

# ET Civilians Form Council

*The Stars and Stripes Bureau*  
**FRANKFURT, May 13**—In the first step toward providing American and Allied War Department employes in the theater with an organized medium for group expression on matters affecting their employment, accommodations and facilities, 42 civilian representatives met and approved a plan of organization as presented by Headquarters Command, USFET.

The civilian group heard Col. Owen Summers, commanding officer of Headquarters Command, describe the newly created employe council as "not a means of conveying Army orders to civilian employes, but rather a place for exchange of ideas and threshing out of mutual problems."

### Pattern for Theater

Lt. Col. Joseph V. Downs, of G-1 civilian personnel branch, said the effort was a "guinea pig" which, if successful, would be the pattern for similar set ups throughout the European Theater.

Present plans call for an employe council representing the 4,000 civilian American and Allied nationals in the theater on all matters pertaining to them and their relation to their employer, the War Department.

The civilians elected Robert Hearty, of the Information and Education Service and Virginia Tolson, of G-4, as temporary chairman and secretary, respectively, of the council.

# Indian Parley Breaks Down

**SIMLA, India, May 13 (AP)**—The conference on Indian independence broke down here last night under circumstances which almost certainly will increase bitterness within the country—bitterness not only between Moslems and Hindus, but between Indians and the British.

Formal announcement of the collapse was made after a conference lasting more than an hour. The British cabinet delegation headed by Lord Pethick Lawrence announced they would issue a statement in a few days expressing their views on the next steps to be taken.

### Blow for Indians

It is a blow for many Indians who had been expecting a quick transition from British to Indian control.

The joint communique said: "After considering the views put forward by the two parties [Moslems and the All-India Congress], the conference has come to the conclusion that no use would be served by further discussions, and that therefore the conference should be brought to a conclusion."

"The cabinet mission desires to emphasize the fact that no blame can be placed on either party for the breakdown of the conference, as both sides did their utmost to come to a settlement."

# De Gaulle Denies Seeking Office in June Election

**FEOLE, France, May 13 (AP)**—Gen. Charles de Gaulle flatly eliminated himself from any role in the French election in June in a statement yesterday to The Associated Press.

Asked whether he would be a candidate in the voting for the new Constituent Assembly, he said, "Certainly not."

In his first public statement since he retired as head of the government Jan. 20, the general said he

would make no further public pronouncement prior to the balloting. He brushed aside further questions about his role in French politics.

"I cannot predict the future," he said at an informal press conference here in western France at the home of Michel Clemenceau, son of Georges (The Tiger) Clemenceau, French leader in World War I.

A few hours earlier De Gaulle, in full uniform, had laid a wreath on the tomb of Georges Clemenceau.

# 2 Draw Royal Flush In Same Poker Game

**LAS VEGAS, Nev., May 13 (UP)**

—Two players in an eight-man draw poker game simultaneously experienced the thrill that statisticians say comes only once in 100,000 hands. They both drew one card to a royal flush.

Both started raising and counter-raising until all chips were in the pot—\$19 for the penny-ante game.

The two players preferred to remain anonymous for income-tax and marital reasons.

# Soviet Control Impresses Leipzig Fair-Goers

By ALLAN DREYFUSS  
Staff Writer

LEIPZIG, May 13—Many of the estimated 150,000 visitors who came to this Saxony capital during the last five days to view the renewal of the famous seven-century-old fair left after its official closing last night more impressed with their first opportunity at watching the results of the Russian occupation policy than with any exhibition at the fair.

Fair-goers, who ranged from Danish businessmen and Brazilian mission personnel to 150 American observers and 10,000 German civilians from the U. S. zone, found that the chief attraction in Leipzig during their unrestricted stay was Leipzig under the Russians.

U. S. military personnel who recalled the debris-strewn city when it was captured by the 69th and 2nd Inf. Divs.

were quick to remark on the changed appearance of the key city of the Russian zone.

All over the downtown section of Leipzig, gangs of men and women, sparked by ever present "Work for a New Germany" posters worked with pick and shovel, steam shovels and dump trains in preparing public grounds and scooping rubble from the hollow shells of bombed buildings.

Despite an obvious impression that the Russian hosts had really worked hard to present Leipzig as a "show-piece of efficiency," American visitors seemed won by a metropolitan busting associated generally with cities in the U. S. Newly-painted trams bulging with passengers shared the crowded streets with fleets of civilian taxicabs operating on a special "fair" issue of gasoline.

Two hundred and fifty restaurants and eating places, including the famous Auerbach's cellar in which some of the

scenes from Goethe's "Faust" were laid, were dusted out and reopened with special added rations to feed the thousands of German civilians who were invited to the fair. Theaters, concert halls and night clubs, many featuring "imported" attractions from Berlin were packed nightly.

Leipzigers, because of the great fur and textile center in which they make their homes, present probably the best-dressed appearance on the street of any people in occupied Germany. Shabby clothes are exceptional.

The city zoo, in prewar days one of the most famous in Europe, is open again, with a surprisingly collection of animals including 15 lions, three elephants, and a lonely giraffe.

The fair was hailed by most visitors as a welcome indication of the interzonal cooperation which the Russians hope will be shared by the other three occupying powers.

## Dates Listed For USO and Soldier Shows

The Stars and Stripes Bureau

BAD SCHWALBACH, Germany, May 13—Soldier shows and USO-Camp Shows bookings for the European Theater were published yesterday by Theater Special Services through its central booking office.

Soldier Shows bookings are as follows:

"TWO TO KILL": Wednesday through Sunday, Namur; May 22, Reims.

"VOLPONE": Wednesday and Thursday, Bad Kissingen; next Monday, Marburg.

"HAY FEVER": Friday and Saturday, Bad Kissingen; May 21, Marburg.

"0599": Thursday through Sunday, Kassel; May 22, Bremen.

"HOTEL RHYTHM": tomorrow, Kassel; Thursday and Friday, Hersfeld; next Monday and May 21, Fulda.

"FRONT PAGE": tomorrow, Grafenwohr; Thursday, Auerbach; Saturday, Vilseck.

"ROOM SERVICE": tomorrow and Wednesday, Hof; Saturday, Coburg; May 21, Furth.

"SCRIPT AND SCORE": tomorrow and Wednesday, 9th Div.; Saturday, Augsburg.

"LADIES IN RETIREMENT": tomorrow through Thursday, Marburg; Sunday and next Monday, Kassel; May 22, Bremen.

"KITTEN ON THE KEYS": Thursday and Friday, Heidelberg, 130th Sta. Hosp.; Sunday and next Monday, Nurnberg, 385th Sta. Hosp.; May 22, Bayreuth, 120th Sta. Hosp.

"PENNY FRANKEL" (deep show): tomorrow through May 22, Bremen.

"HYNANTICS": tomorrow through May 22, Bremen.

"CHAPELEERS": tomorrow through Thursday, Wiesbaden.

"OUT OF THE FRYING PAN": tomorrow, Oberammergau; Wednesday, Garmisch; Friday through May 22, Rosenheim.

USO-Camp Shows bookings are:

"IRENE": tomorrow and Wednesday, Bayreuth; Friday through Sunday, Ansbach; May 22, Munich.

"RIOT AND RHYTHM": tomorrow and Wednesday, Bad Nauheim, Continental Base Section; Friday, Aschaffenburg; next Monday and May 21, Bad Kissingen; May 22, Lohr.

"SHOW SHOP": Saturday through May 22, Bremen.

"GOOD NEWS": tomorrow through next Monday, Mulhouse.

"MELODY MAGIC": Friday through Sunday, Lechfeld; next Monday, Augsburg; May 21 and 22, Goppingen.

"PLENTY POTENT": tomorrow through Sunday, Le Havre.

"TOUCH AND GO": tomorrow, Oberammergau; Wednesday, Garmisch; Saturday through next Monday, Landshut; May 21 and 22, Moosberg.

"PARDON ME": tomorrow, Augsburg; Thursday, Landsberg; Sunday through May 21, Munich.

"FIN MARCHES ON": tomorrow, Wednesday and Friday, Munich.

"SYMPHONETTES": tomorrow, Hersfeld; Friday through May 22, Bremen.

"TREASURES OF MUSIC": tomorrow, Schweinfurt; Wednesday, Lohr; Thursday, Hammelburg; Saturday and Sunday, Wurzburg; next Monday and May 21, Bamberg; May 22, Coburg.

"KEMPY": Friday and Saturday, Landsberg; Sunday and next Monday, Ingoistadt.

"PARK YOUR TROUBLES": tomorrow through May 22, Bremen.

"YOUR DATE WITH MUSIC": tomorrow, Bad Aibling; Wednesday, Prien; Thursday, Traunstein; Saturday, Bad Reichenhall; May 21, Bad Tolz.

## Most Glamorous Moms Chosen

Mrs. Errol Flynn and daughter

Lana Turner and daughter

Rita Hayworth and daughter

NEW YORK, May 13 (UP)—The 10 most glamorous mothers in America were selected by the Mothers of Millions Committee here yesterday. The chairman of the committee said that no woman could possibly be glamorous until she had a baby.

The selections were Countess Mara, Miriam Hopkins, Lana Turner, Nancy Bruff, Ever Arden, Mrs. Arthur Murray, Rita Hayworth, Martha Scott, Mrs. Errol Flynn and Martha Tilton. In a Mother's Day

celebration Mrs. Emma Clarissa Clement, 71, Negro woman chosen American Mother of 1946, joined with four young mothers from China, England, France and Russia in a Salvation Army ceremony.

The Chinese mother is the wife of Capt. Arthur Chan of New York, the English mother is the wife of M/Sgt. Samuel Digstina of Brooklyn, the French mother is the wife of Jack Firpo of Astoria, and the Russian is Mrs. Joseph Winston of New York.

## Americas Plan Air-Base Pool For Defense

WASHINGTON, May 13 (AP)—A common pool of air bases throughout the Americas for military use by all 21 American nations has been disclosed as the main feature of a master plan for Western Hemisphere defense.

Existing civil air bases which already span the two continents, and military and naval bases, would be pooled for the use of all American nations in the event of attack by an outside enemy.

### Details Made Available

The plan was drafted by the Inter-American Defense Board, a wartime agency composed of military representatives of the Western Hemisphere countries. Details outlined in the report are now available for the first time. They are based primarily on a wide outer ring of defenses, in order to meet the enemy "as far as possible" from the Western Hemisphere.

Should the enemy penetrate the outer ring, the plan calls for immediate coastal defense to throw back or hold him until reserves can be brought up.

### Common Air Plan

It is this second instance in which common air defense figures, as well as combined use of navies, ground forces and overland transport.

The overall strategy was approved by the defense board last November in the form of a confidential report dealing with proposals for inter-American military cooperation, which has since been submitted to the 21 American nations for study pending action. Military men said the plan formed the basis for President Truman's recent proposal for military standardization in the hemisphere.

The plan, primarily the same in outline as the one being developed by the United Act of Chapultepec, requires all American republics to go immediately to the assistance of any members in case of invasion.

## WAC Celebrates Its Fourth Birthday

### School for MPs Now in Bremen

PARIS, May 13—The U. S. Army Military Police school in Romilly, France, has been moved to Brake, Germany, in the Bremen enclave. The school was established in October, 1945.

Col. Arthur J. Ericson is in command of the new school at the former German naval training camp. Twenty Army officers are on the faculty and an MP company is serving as demonstration troops and perform in interior guard duty.

A specialized course of six weeks, consists of 264 hours of work in administration, orientation, unarmed defense, town patrols, weapons, first aid, traffic direction, riot control and criminal investigation.

This marks the second Army school to be moved from France to Germany this month. The Army engineer training center at Epernay is to be moved to Buthbach on May 20.

### 345 USFET Girls Hold Cocktail Party

PARIS, May 13—Wac installations in nine European cities tomorrow will celebrate the fourth anniversary of the founding of the Women's Army Corps. Units in Wiesbaden, Heidelberg, Vienna, Bremen, Munich, Le Havre, Berlin, Frankfurt and Paris will observe the occasion.

Because of the small number of Wacs remaining in the European Theater, no formal ceremonies will be held, according to Maj. Frances S. Cornick, WAC staff director, but local celebrations have been planned by the detachments.

This year the largest WAC detachment in Europe, the USFET Headquarters group, comprising 345 enlisted women, will hold a cocktail party and buffet supper, tendered them by their commanding officer, Maj. Mary Moynahan.

Paris Wacs from Co. C of the 3341st Signal Bn. and the Western Base Headquarters Detachment will celebrate with a dinner-dance at the Hotel Windsor. Similar social events will take place throughout the theater.

### Board Upholds Prison Firings

LANSING, Mich., May 13 (AP)—Dismissals of six Southern Michigan Penitentiary officials charged with responsibility for prison scandals were upheld by the State Civil Service Commission.

The six, including warden Harry H. Jackson, were fired last summer as the result of a state inquiry showing malpractices. In the prison, one of the world's largest penal institutions, the inquiry found "malodorous" conditions.

Attorney General John R. Dethmers charged drinking had been permitted and some inmates had been allowed to visit prostitutes in nearby Jackson. The escape of Joseph Medley, now under death sentence in Washington, figured in the investigation.

The commission, while upholding Jackson's dismissal, declared that the investigation "failed to disclose any act of corruption or moral turpitude whatsoever" on his part, but that he failed to exercise proper discipline and police prison methods.

## Frances Langford, Jon Hall to Build Flying Country Club

Jon Hall and Frances Langford

HOLLYWOOD, May 13 (INS)—Movie star Jon Hall and his songstress wife, Frances Langford, are organizing one of the swankiest flying country clubs in the world, limited to 200 members paying a \$5,000 initiation fee.

They are taking over Clover Field in Santa Monica, used by Douglas Aircraft during the war, and are planning to invest \$600,000 in building improvements.

They hope Clover Leaf Flying Country Club will be in operation by December, but there is the matter of priorities to be considered.

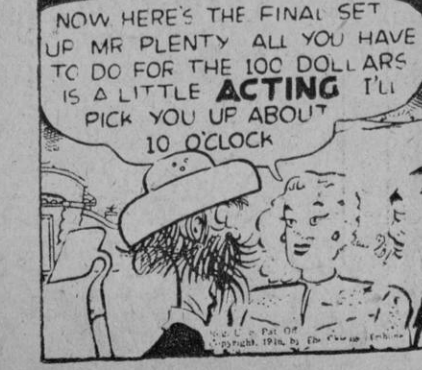

The 69-acre club will have a hotel, restaurant, cocktail lounge and other recreational facilities.

In addition to the present runways, one 5,500 feet and the other 4,300, the screen couple plan to build two more each 3,800 feet long for light planes.

## Fire Damages Arsenal

ROCK ISLAND, Ill., May 13 (AP)—A fire of undetermined origin caused damage estimated at \$50,000 to \$100,000 in the tank-engine testing room of Rock Island Arsenal.

# Reds Take Twin Bill from Cards; Harris' 3-Hitter Stops Yanks, 3-1

### Blackwell, Walters Combine To Pitch Redbirds Out of Lead

ST. LOUIS, May 13 (AP)—Masterful pitching by Ewell Blackwell and Bucky Walters gave the Cincinnati Reds a double victory over the St. Louis Cardinals, 4-2 and 5-1, and tumbled the Cards from first place in the National League race.

Blackwell was in fine form, limiting the Redbirds to three hits and striking out 10 in the second game of the doubleheader.

The Reds scored all their runs of the nightcap in a big fifth inning, with Grady Hatton starting it off by hitting a pitch into the right field pavilion for his fifth home run of the season.

Al Libke singled, Ray Lamanno bunted safely and Bert Haas grounded to Erv Dusak, playing third for St. Louis, who threw wild into right field after an unsuccessful attempt to tag Libke, who scored on the play. Lamanno scored from third on Max West's long fly.

Blackwell's single scored Lamanno and Haas and Eddie Miller, who had drawn an intentional pass, scored on Lonnie Frey's fly to Stan Musial.

In the opener, Walters finished strong and held the Cards to six hits to gain his first victory of the season. West's pinch single in the 10th inning broke a 2-2 deadlock, with Johnny Vander Meer, who ran for Libke, scoring the winning run on the hit. The Reds scored once again on a squeeze play, when relief pitcher Freddie Martin fumbled Walters' bunt.

### Braves 6-7, Giants 5-2

BOSTON, May 13 (AP)—The Boston Braves practically walked to a double victory over the New York Giants, taking the opener, 6-5, in 10 innings when a base on balls forced home the winning run, and winning the nightcap, 7-2, over the regular distance, piling up four unnecessary runs in the eighth on four passes, a single and a sacrifice.

Big Bill Lee was credited with driving in the winning marker in the extra-inning opener as he was walked, with bases loaded, by relief pitcher Ken Trinkle.

Lee gave up eight hits, including a home run by Johnny Mize which put the Giants ahead temporarily in the 10th, and another by starting pitcher Bob Joyce. Ray Sanders homered for the Braves in the opener.

Behind Ed Wright, in the second game, the Braves got away to a 2-0 lead in the first inning and added another in the fifth.

### Dodgers 13, Phils 4

NEW YORK, May 13 (AP)—The Brooklyn Dodgers pounded out a 13-4 victory over the Philadelphia Phillies behind the steady southpaw pitching of Vic Lombardi, who registered his fourth success against one defeat.

Charley Schanz, who started for the Phils, yielded one run in the opening frame and was hammered off the mound in the second when the Dodgers scored seven runs. A home run by Eddie Stevens highlighted the attack.

Lombardi escaped being scored upon until the seventh, when a double by Andy Seminick and a single by pitcher Johnny Humphries produced a tally. The Dodgers countered with three more runs in their half, including a home run by Augie Galan.

### Cubs 3, Pirates 1

CHICAGO, May 13 (AP)—Pitcher Claude Passeau had no trouble in stopping the seventh-place Pittsburgh Pirates with seven scattered singles to give the Chicago Cubs a 3-1 victory.

The only time he was in serious trouble was in the fourth, when Frank Colman and Elbie Fletcher singled to start the frame. The former scored on Bob Elliott's long fly to center field.

The Cubs scored first when Phil Cavarretta walked in the second inning and scored on Mickey Livingston's single. They added two more runs in the fifth when two were out. Billy Jurgas was safe on a fielder's choice and Stan Hack walked. Jurgas scored on Lou Stringer's single and Hack on Eddie Waitkus' double.

### Wildness, Infield Errors Hand Chandler 1st Setback of Season

NEW YORK, May 13 (AP)—The rampant Boston Red Sox, whose sensational 15-game winning streak was snapped by the New York Yankees yesterday, resumed their winning ways by taking the rubber game of the series, 3-1, before the season's largest turnout, 68,193 paid admissions. The triumph increased Boston's league lead to 5½ games over the Yanks.

Lefty Mickey Harris of the Red Sox and Spud Chandler of the Yankees each allowed only three safeties, but the difference between the two teams was that whereas the Red Sox inner works was flawless on defense, a miscue by New York's shortstop Phil Rizzuto and another by third baseman Hank Majeski gave Boston two unearned runs and the ball game.

The Yanks finally broke through in the sixth when George Stirnweiss tripled off the right field wall and tallied on Charley Keller's infield out. That ended the Yankee attack.

### Indians 4-3, Browns 3-9

CLEVELAND, May 13 (AP)—The Cleveland Indians split a doubleheader with the St. Louis Browns, winning a 10-inning opener, 4-3, for their first home triumph of the season and dropping the afterpiece, 9-3, as the Browns belted four Tribe hurlers for 12 hits.

Bob Feller had a shutout until the ninth inning of the inaugural game, when the Browns tallied three runs after two were out to send the game into overtime. George Case's single with bases loaded drove in the winning run.

Feller allowed nine hits and struck out 12, to bring his season total to 71 in 62 innings. The triumph was his fourth, against three defeats.

Allie Reynolds shut out St. Louis until the fifth inning of the nightcap, when the Browns drove him to cover with a six-run assault.

Tex (Al) Shirley spaced nine Indian blows, including a round-tripper by Mickey Rocco and a three-bagger by Hank Edwards.

### A's 6-1, Senators 4-3

PHILADELPHIA, May 13 (AP)—The Washington Senators splashed to a 3-1 victory over the Philadelphia Athletics to even the day's results after the Mackmen had copped the opener of a twin bill, 6-4.

Spence, who homered in the opener, accounted for two of the Nat's runs in the nightcap with timely base knocks.

Dick Fowler, who hurled the majors' only no-hit game last year, won his first game of season in the opener, spacing nine hits.

### Tigers 4, White Sox 1

DETROIT, May 13 (AP)—With Paul (Dizzy) Trout spacing seven hits for his third win of the year, the Detroit Tigers downed the Chicago White Sox, 4-1, for their seventh straight victory.

Ted Lyons, Chicago's 45-year-old "Sunday" pitcher, stayed the distance for the 27th straight time, but allowed eight hits, four of them in the third inning, as the Tigers counted three times.

Trout's double, singles by Eddie Mayo and Barney McCosky, and Hank Greenberg's two-run double produced three runs after Chicago had taken a 1-0 lead on successive singles by Wally Moses, Ralph Hodgins and Taft Wright.

Trout ... wins for Tigers

## French Sweep Tennis Series From British

PARIS, May 13 (AP)—France's Davis Cup team completed a five-match sweep against Great Britain today, by winning the final two singles matches in straight sets.

Yvon Petra, France's top ranking player, had little trouble disposing of Donald MacPhail 6-0, 6-2, 6-1 in the final match after Pierre Pelizza, defeated Derek Barton, 6-2, 6-3, 6-1.

During the three-day tournament the British team was able to win only one set.

### Barton Off Form

Barton was far from the form he displayed Saturday, when he lost to Petra Pelizza's change of pace and superior speed caught Barton flat-footed throughout much of the match.

In the final game Petra's cannon ball serves and baseline shots completely dominated the court. MacPhail had difficulty with his own serve and double faulted five times in the first set.

By its victory, clinched yesterday, the French team advances to the second of the European Davis Cup elimination tournament. It will now meet Switzerland, victor over Spain, 3-2.

### SWEDEN ELIMINATES HOLLAND FROM DAVIS CUP TOURNEY

STOCKHOLM, May 13 (AP)—Sweden today eliminated Holland from the Davis Cup tournament by an easy five to nothing victory.

In the last two singles matches, Sweden's Lennart Bergelin, defeated Hans Van Zvol 7-5, 6-3, 6-1, and Torsten Vvansson, won over Ivo Rinkel 9-7, 6-1, 6-1.

### Riggs Leads Budge, 21-16

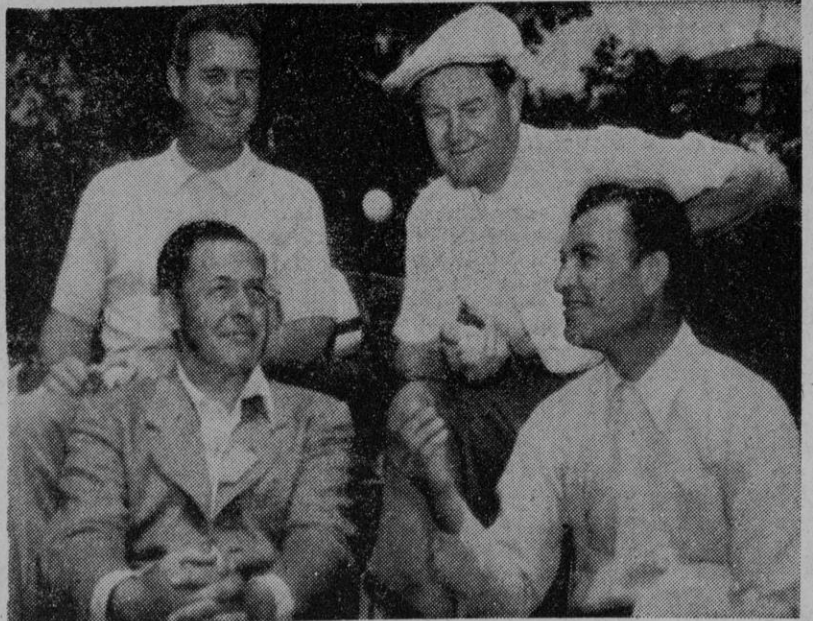

RICHMOND, Va., May 13 (AP)—Little Bobby Riggs, Chicago, took a 21-16 lead in his cross-country tennis series with Don Budge by defeating the Oakland, Calif. Star, 6-3, 1-3.

### Blondie

By Chic Young

### Par-Breakers

Four of the fairway's greatest par-breakers cut up touches with golf balls in an off-the-links moment at the Houston Tournament of Champions. At the left, Jimmy Demaret leans over the shoulder of Bobby Jones, while at right, Byron Nelson grins at the antics of Ben Hogan. "Lord" Byron won the Houston meet and the \$10,000 first prize.

## Lesnevich Picked to Whip Mills for Light-Heavy Title

LONDON, May 13 (UP)—Gus Lesnevich, world light-heavyweight champion from Cliffside, N. J., was rated a 4-6 favorite as he completed his training for Tuesday night's title defense against Freddie Mills, British light-heavyweight king, at Harringay Arena, here.

Lesnevich, who has been training at Brighton, a south coast resort town, impressed English experts with his form and sharply timed punching. The consensus is that the New Jersey veteran has too much "savvy" and power for Mills.

Mills, who expects to climb through the ropes at 173, will probably spot his American opponent a couple of pounds. But "Fearless Freddie," undaunted by the weight difference or dire warnings of the experts, predicted that he would win by a knockout.

### Betting Brisk

The betting, which has been brisk during the past week, continued to favor Lesnevich. Mills, although a popular ring warrior who has seldom failed to please his fans, hasn't been impressive in his workouts and

Lesnevich ... faces tough bout

even his long-time admirers admit that the "British Bomber" has never showed the form that Lesnevich has displayed here.

Many of the British fight crowd also doubt whether Mills has the stamina to stick with the American during the scheduled 15 rounds.

### JACOBS WATCHES LOUIS, CONN BELT SPARRING PARTNERS

NEW YORK, May 13 (UP)—Promoter Mike Jacobs took time off from counting ticket applications for his heavyweight title fight June 19 to visit the two attractions, champion Joe Louis and challenger Billy

## Nelson Wins Texas Tourney

HOUSTON, May 13 (AP)—"Lord" Byron Nelson, umbrella man from Toledo, came up with the shots when the pressure was on to withstand a blazing finish by Ben Hogan to win Houston's \$10,000 Tournament of Champions with a 72-hole card of 274.

Nelson was two strokes ahead of co-favorite Hogan when the final round started. He clung doggedly to his margin with a three-under-par 68 over the rugged 6,558-yard River Oaks Country Club course.

### Snead Third

Wee Ben laid down the same score as Nelson, to close out with 276. The Hershey, Pa., pro went three strokes better than Slammin' Sammy Snead of Hot Springs, Pa., who finished with 70. That gave him third money.

Nelson received \$2,000, Hogan \$1,400, and Snead \$1,000.

Vic Ghezzi, Knoxville, wound up fourth at 281, with a closing 70. He played the front nine in 31 shots, the lowest nine of the tournament.

Lloyd Mangrum, Los Angeles, and Dick Metz, Chicago, deadlocked at 283, each shooting 72.

Jimmy Demaret, Houston, Fred Haas, Jr., New Orleans and E. J. (Dutch) Harrison, Little Rock, tied for the next spot with 284.

HORSEMEN from Iran's modern military school in the Teheran countryside demonstrate cavalry tactics at the foot of the Elbruz mountains

## Nazi Admiral Accuses Allies Of Trial Trick

NURNBERG, May 13 (AP)—A charge that a young German naval lieutenant had been lured into testifying against Grand Adm. Karl Doenitz in the belief that it would save the lives of three of his comrades was laid before the International Military Tribunal today.

Adm. Gerhard Wagner, former chief of the German naval command staff, said that Lt. Peter Joseph Heisig, who had testified for the prosecution early in the trial, had declared Allied interrogators had told him his testimony could save other naval men and would not harm the naval commander because the "evidence against Doenitz already is so great" that he could not hope to escape death.

### Extermination Order Charged

In his testimony for the prosecution, Heisig accused Doenitz of issuing statements to naval officers which were construed as advocating extermination of torpedo survivors.

Wagner also testified that the German navy had avoided any pre-war planning of operations against Great Britain "because such a war appeared absolutely hopeless."

Wagner said that Britain's sea power was so overwhelming that submarine warfare "was the only means we had to damage England, and it was not given preferential treatment" in pre-war planning.

As a result, Wagner maintained, Germany entered the war with only about 20 submarines fit for operation in the Atlantic, "whereas Britain and France each had over 1,100."

## U.S. May Order Food Rationing

(Continued from Page 1)

essential foods, particularly cereals, fats and oils.

"The utter failure of the voluntary food control program must be faced," the letter added.

Paul Porter, chief of OPA whose agency would control rationing if it were restored, has not expressed his views publicly, but close associates say he would agree to rationing if there was no other solution.

Government officials who would be concerned with restoration of rationing are reported to believe that unless the rationing program were started by August it probably would be postponed until after the November Congressional elections.

## Bible, Lamb's Blood Help Cult Leader in Self-Appendectomy

EL CENTRO, Calif., May 13 (UP)—A new type of abdominal surgery was reported today from Calexico, where Mac Lucas asserted that faith and the blood of a living lamb had enabled him to remove his own appendix.

In jail for cruelty to animals, the 39-year-old religious leader explained his method: "A friend slit the throat of a lamb, held it over a fire and poured the warm blood on my side while I operated. I had the knife in one hand and a Bible in the other."

Unimpressed either by his unorthodox method or his faith, Justice of the Peace Anderson sentenced Lucas to 60 days in the county jail.

### Victor Visits Future Home

ALEXANDRIA, May 13 (UP)—Victor Emanuel III, former king of Italy, who began his exile in Egypt yesterday, drove out today to look at the villa in which he will take up residence soon.

## Pope Warns Catholic Voters in Italy Against Anti-Christian Candidates

ROME, May 13 (INS)—Pope Pius XII sounded a warning yesterday against mounting anti-Christian political tendencies in Italy, and called on Catholics to vote for candidates offering unequivocal "guarantees" to respect God and the Church.

The Pontiff, addressing a group of young Catholic women in St. Peter's Basilica, bound them by a triple oath to the Virgin Mary to refuse "suffrage to those candidates on lists offering vague and ambiguous promises."

Speaking on the first anniversary of Italy's liberation, the Pope addressed himself primarily to the young women, but he was heard by thousands of their elders who jammed the Basilica and overflowed into St. Peter's Square.

After the warning that "the hour is grave," the Pope declared it was "the sacred duty" of Catholics to vote down anti-Christian manifestations in the

June 2 election, when a referendum on the monarchy also will be held.

He appealed to the young and to adolescents not to take a back seat in the pre-election campaign, and exhorted them to go "from house to house, from family to family, from street to street and from borough to borough—so they may not be surpassed by anyone."

LISBON, May 13 (AP)—Pope Pius XII broadcast a 30-minute address, with blessings, to Portugal today on the occasion of the coronation of "Our Lady of Fatima."

More than 500,000 pilgrims had gathered from all over the country for the Fatima ceremonies.

A number of cables and telegrams were sent to the local post office addressed to "Our Lady of Fatima," requesting favors and conveying greetings, it was reported from the shrine.

## Army Vehicles Rot in Atlanta, Paper Charges

ATLANTA, May 13 (AP)—The Atlanta Journal reported today that thousands of Army vehicles at the Conley Depot here were slowly deteriorating as they stood idle for weeks and months without even a strip of canvas to protect them.

The newspaper said there were 25,000 to 41,000 vehicles at the Army Ordnance depot, and added that the officers there apparently did not know how many vehicles were at the installation.

Only 276 men are being used to maintain the vehicles, it said.

The survey of the storage lot at Conley, the Journal said, revealed "Army sedans parked rim deep in water and mud trucks and cars resting on flat tires."

"Vehicles are not blocked up to prevent tires from rotting," the paper continued. "Vehicles have windows missing and have no substitute for windows to keep rain off the upholstery. Vehicles with 4,000 miles on their speedometers were caked with rust."

The Journal said officers and personnel at the depot seemed to be doing an excellent job as far as they could but, as one of the officers said, "276 men certainly are not a sufficient number to handle and maintain 3,100 vehicles."

## Slaying . . .

(Continued from Page 1)

arrested because they had either incomplete identification or unauthorized U. S. Army equipment. Searching parties also found unauthorized foreign pistols and ammunition in the possession of U. S. soldiers. A recent USFET directive prohibits Army personnel from keeping foreign weapons in their possession.

The total number of troops involved in the "shakedown" was six officers and 250 Military Police, plus 50 German civilian policemen, working under the direction of Lt. Col. DeForest R. Roush, commander of the 793rd MP Bn. The raiders also found knives, bayonets and brass knuckles, but nothing that provided a clue to the slayings.

A military funeral will be held for the two victims Tuesday in Altdorf, headquarters of *The Stars and Stripes*. The 26th Inf. Regt. will furnish a ceremonial guard.

### Munich Fair to Include Beauty Contest for MPs

MUNICH, May 13—Heigh-ho, come to the fair. The American Red Cross invited "one and all" today.

A May ARC festival will take place from May 18 to 22 in Munich's Burgerbraukeller.

### Wainwright to Get Police Stunt Horse

CLEVELAND, May 13 (AP)—Gen. Jonathan M. Wainwright, hero of Bataan, will receive Dotty Dare, 8-year-old stunt horse of the Cleveland police department, to replace the mount the Japanese killed on Bataan.

Patrolman James Matowitz said he offered the horse to Wainwright after the general, watching Dotty leap through a circle of flames at the International Horse Show in Mexico City, had proclaimed her the best horse he had ever seen.

## Big 4 Resume Talks in Paris

(Continued from Page 1)

in her power to sow seeds of discord among the Allies.

### SOVIET COMMENTATOR URGES COOPERATION AT CONFERENCE

LONDON, May 13 (AP)—A Soviet radio commentator, Boris Isakov, called today for "genuine international cooperation" at the Paris foreign ministers' conference, and declared, "Attempts to foist unilateral decisions on the Soviet Union are doomed to failure."

His English-language broadcast asserted the Soviet delegation in Paris "is setting an example of readiness to settle outstanding problems in a spirit of genuine cooperation and mutual concessions."

He pointed to German and Japanese war-crimes trials as evidence that "cooperation of the peace-loving states continues to be manifested," and said, "the idea of international cooperation of peace-loving nations will triumph in the post-war world."

### TRANSYLVANIA, TYROL DECISIONS ARE SCORED

WASHINGTON, May 13 (INS)—The Washington Post, in an editorial entitled "Action on the Tyrol," said: "The casual decision to return all of Transylvania to Rumania despite the fact that it has a considerable population has not been the only violation of good peacemaking that the Council of Foreign Ministers perpetrated."

"There was also the decision rejecting the Austrian demand for the return of South Tyrol, a decision that perpetuates one of the worst injustices of the Treaty of Versailles. The fact is that despite strenuous colonization efforts made by the Italian Fascist regime, South Tyrol is still overwhelmingly populated by Austrians."

### U. S. Seeks Pacific Bases

WASHINGTON, May 13 (AP)—The United States is negotiating with Great Britain for acquisition of a number of bases in the Pacific, including Christmas Island, it was disclosed yesterday.

## Greek Regent Wants Return Of Territories

ATHENS, May 13 (AP)—Archbishop Damaskinos, Regent of Greece, told the opening session of the first Greek parliament in 10 years today that Greek territory now held by foreign powers should be returned to Greece.

The first goal of the assembly should be to establish "normal political life," the regent declared, and this could be achieved by determining the type of government Greece is to have.

His formal announcement that a plebiscite on the monarchy would be held Sept. 1 was greeted by applause.

Referring to internal strife in 1944, the regent said:

"With the valuable assistance of Great Britain, for which the nation is grateful, civil strife ended."

The Greek army and security corps are being reorganized with the cooperation of Britain, he said.

Themistocles Sophoulis, former premier and now leader of the Liberal Party, indicated that his party would challenge the September plebiscite.

Sir Clifford Norton, British ambassador to Greece, attended the first session of parliament, sitting beside Adm. Constantine Rodianoff, the Soviet ambassador.

### Nazi Army Units Remain, Tass Says, Quoting PM

MOSCOW, May 13 (AP)—Reports that units of the German army, commanded by German officers, still were in existence in the British zone of Germany were published by Pravda today in a Tass news agency dispatch quoting the New York newspaper PM.

Tass said the PM correspondent quoted a U. S. Army officer's statement that he had observed the German units during a visit to the British zone in February.

## Bar Was High, He Was Short — Naughty Girl? He Saw Naught

COLUMBUS, Ohio, May 13 (AP)—The state liquor board had under consideration the case of a diminutive night club operator who said he didn't know strip-teasers performed at a stag party in his club because he couldn't see over the bar.

George D. Sherbon, owner of George's nightclub, near Coshocton, appeared before a board to answer charges that two girls had performed a strip-tease and that lewd motion pictures had been shown at his club during a party.

Sherbon, who has been arraigned in Coshocton County Common Pleas

## Most of Miners Back at Work As Truce Starts

PITTSBURGH, May 13 (INS)—The majority of the 400,000 bituminous miners returned to their pits today under a 12-day truce, and began digging to relieve the critical coal shortage brought on by the 43-day coal stoppage. Strong sentiment against acceptance of the truce was voiced by a minority of locals of the United Mine Workers, AFL, in voting yesterday, but union officials said there would be enough men on hand to produce huge quantities of coal.

### Production Normal

Production was expected to be normal by tomorrow, and some union officials were confident the strike would be ended before the truce expired. However, in Washington yesterday operators and John L. Lewis, president of the mine union, spent two hours in unsuccessful negotiations. They were due to meet again today.

Charles A. O'Neill, spokesman for the operators, said an agreement had been reached in principle on the welfare fund asked by Lewis.

### Train Order Dropped

J. Monroe Johnson, U. S. transportation director, suspended his order cutting railroad passenger service 50 per cent Wednesday.

But John D. Small, Civilian Production Administrator, held fast to Office of Price Administration orders to conserve electricity and manufactured gas. Dimouts in many cities throughout the U. S. remained in effect.

### MURRAY ASKS DEFEAT OF STRIKE CONTROL

ATLANTIC CITY, N. J., May 13 (AP)—Philip Murray, president of the CIO, called on the Senate today to defeat the Case strike-control bill, asserting, "Congress has had previous ill-fated experience legislating anti-labor laws in haste, and leaving the country to repent at leisure."

Rather than the Case bill or "similar anti-labor legislation," he said, Congress should direct its attention to extending the OPA and to a bill to raise the minimum legal wage from 40 to 65 cents an hour.

### UNITED STEEL WORKERS, SKF SIGN CONTRACT

PHILADELPHIA, May 13 (AP)—The long-standing dispute between local 2,898, United Steel Workers of America, CIO, and SKF Industries, Inc., ended today with union ratification of the new wage scales.

Three thousand SKF employees will receive an 18½-cent-an-hour general boost as well as a maintenance-of-membership voluntary checkoff.

Court on a charge of permitting showing of the picture, admitted the dance and film had been presented but blamed the Coshocton Boosters Club organization, formed to boost high school sports.

Sherbon said that the Booster Club arranged the party and he knew nothing about their entertainment plans.

He said he had been told pictures of "Notre Dame football and basketball games were to be shown" and asserted he had been behind the bar and couldn't see the screen or dancing girls. He told the board he was only 5 feet 3 inches tall.
