Bulletin Financier

Paris, 16 Octobre. — En dehors d'une certaine animation, il n'y a eu ainsi dire rien à signaler dans les dispositions générales de notre marché. Il est cependant intéressant de remarquer que l'offensive allemande dans le golfe de Riga n'a pas accentué dans une grande mesure la baisse des valeurs russes. Une légère reprise de notre rente 5 % à 61 fr. 50 est à enregistrer tandis que le cours de notre 5 % ne se modifie pas. Pas de variations ou presque dans la tenue des actions de nos chemins de fer et de nos grands établissements de crédit.

Dans l'ensemble, les valeurs de culture se montrent hésitantes, mais toutefois il faut noter la tenue du Rio-Tinto. Quant aux valeurs de clôture, chose déjà fort demandée hier, elles gagnent encore quelques points.
